THREE SHOT IN SANDIEGO'S I. W. W. BATTLE WITH I. W. W.

I AM HERE TO FIGHT-- TAFT

'I've Been Hit Below Belt,'
Declares President During
Speech in Ohio

Chief Executive's Followers
Claim Ohio; Texas Remains
in Doubt

PORTSMOUTH, O., May 8.—"I've been hit below the belt and I am here to fight," declared President Taft here today.

At Winchester, Seaman and Peebles the president was speaking in Adams county, where Judge A. Z. Blair disfranchised for several years nearly 2000 men for having been concerned in vote buying and vote selling.

A man on the station platform at Seaman shouted:

"What's he talking to these people for? They're all disfranchised anyhow."

"I am said to represent the interests under the influence of special privilege," said Taft at Peebles. "There is no administration in the history of the government in which the prosecutions have been so uniform and have been so prosecuted without fear and without regard to consequences."

"The Interstate Commerce Commission reported against Dan Hanna of Cleveland that he was accepting rebates. I put him before the attorney-general and the district attorney and the grand jury, and they found an indictment against him. And now he is one of the patriots that is loudest in his denunciation of me and strongest in support of Theodore Roosevelt."

ASKS SQUARE DEAL.

"I followed the policies of Theodore Roosevelt and prosecuted all the trusts, and I went a little further than that, I prosecuted the steel trust, and also the harvesters trust. Now I ask you to give me a square deal."

Mr. Taft started his speechmaking at Ravenna.

"Mr. Roosevelt says I am distrustful of the people," said the president. "I am only distrustful of the people as a court case as I would be distrustful of their building a bridge. I would send bridge engineers and people who knew something about bridges."

Taking up Roosevelt's proposal of the recall Taft said:

"He is in favor of innovations and changes that would make the constitution worth little more than the paper it is written on."

TAFT CLAIMS OHIO.

BALTIMORE, Md., May 8.—The attitude of the Taft leaders in Maryland toward the peculiar situation that might develop through the working of the new state primary law was still undecided today. While the delegates elected to sit in the state convention appeared on the primary ballots with no designation to indicate their affiliations, complete unofficial returns indicate that, leaving the matter of instructions aside, a majority of them will be pro-Taft.

RIOTERS AND POLICEMEN BATTLE

Four Shot in Conflict at
Pennsylvania Mining
Town

Crowd Starts Trouble by Interfering With the Mine Superintendent

POTTSVILLE, Pa., May 8.—In a battle between the state police and a crowd estimated at between 2000 and 3000 men at Minersville early today, four men are known to have been shot, three probably being fatally wounded. It is believed that a dozen or more others also were struck by bullets.

A woman, Mrs. George Wolf, who was standing on her porch, was struck on the arm by a brick and painfully injured. The men who are thought to have been fatally hurt are David Davis, shot through the stomach, and two unidentified foreigners. Another foreigner was shot through the leg and seriously wounded.

The fight occurred in the central part of the town, when a crowd attempted to prevent Superintendent George W. Keiser of the Pine Hill Coal Company from taking two men in his automobile to the colliery.

Keiser had been coming to Minersville the last several days and taking Thomas Perry, a repair man, and William Ward, a pump man, to work. Today when Keiser called at a garage for his machine he was warned by a crowd not to take it out and practically was held a prisoner at the place.

Chief Burgess Richard Levan, a Civil War veteran, addressed the crowd and demanded that they disperse, but no attention was paid to him. Thereupon he requested the state police barracks at Pottsville to send a detail to Minersville.

PATROL ARRIVES.

Three men who make daily patrols of that section arrived and shortly after were reinforced by four more from the Pottsville barracks. Under their guard the automobile was taken from the garage and was being cranked when some one in the crowd threw a brick. It struck a policeman on the head. This seemed to be the signal for an attack and immediately there came a shower of stones, followed by several pistol shots.

POLICE FIRE.

The police fired a volley into the crowd. The crowd paid no attention. The police continued firing. The shots were returned and a battle followed in which it is estimated 100 shots were fired.

The fire resulted in the crowd dispersing, leaving four persons lying on the ground. Physicians pronounced David Davis' wound fatal. A detachment of Troop D, state troopers, stationed at Butler, arrived here today and a detail of twelve men were sent to Minersville.

These, with seven members of Troop C, are patrolling the town and report that the lawless spirit is now under control.

MRS. PAGE IS NEAR DEATH SECOND MISHAP IN FAMILY

MRS. ERNEST S. PAGE OF BERKELEY, WHO HAD A NARROW ESCAPE FROM DEATH FROM DROWNING AT HONOLULU.

Clubwoman Picked Up Unconscious From Water at Honolulu

BERKELEY, May 8.—Both Mrs. Ernest S. Page, a well known clubwoman, of this city, and Miss Mary Page, her sister-in-law, have had narrow escapes from drowning in Oriental waters during the last few weeks. Recently Miss Page was knocked from the deck of a vessel by a huge wave and rescued by a young woman companion, and letters just received by friends here tell of an experience of Mrs. Page, who was thrown into the water when a sudden squall capsized a small boat of which she was an occupant, in Honolulu harbor.

Physicians worked over Mrs. Page for more than four hours before recovery was complete, and several times during that period they were at the point of giving her up for dead. With her husband, Ernest Stoddard Page, an attorney, Mrs. Page left Berkeley a month ago to tour Hawaii and the Orient. At Honolulu the couple put out into the harbor one afternoon with a party of friends in a small rowboat. They had been out but an hour when a sudden squall

overtook them, capsizing their craft and throwing all of the party into the water.

PICKED UP UNCONSCIOUS.

Mrs. Page was the last of the party picked up by rescuers who set out from shore, and when finally recovered was unconscious. She was carried hastily to her hotel in Honolulu, where physicians worked over her. Time and again the task seemed hopeless, but they succeeded finally in bringing her back to consciousness.

The Page's had booked their passage for Japan on a steamer that sailed the following day. Mrs. Page was still so weak from her experience that she had to be carried aboard the boat. With her party she is now in Japan, whence letters from her are anxiously awaited by her many friends here.

With Mr. and Mrs. Page in the party are Douglas Bacon-Boule and Miss Mary Page, Mrs. Page's sister-in-law. They met the latter in Hawaii and accompanied her to the Orient where she is engaged in mission work in Korea.

GOMEZ, AS RULER, IN TANGLE

Disagreement With Orozco Will
Lead to Downfall of Provisional President

Revolutionary Triumph Would
Be Serious at This Time for
Madero Government

JUAREZ, Mexico, May 8.—The provisional government established here last Saturday by Emilio Vasquez Gomez hangs in the balance. The reputation of the civil authority, which Gomez as provisional president created to govern the destinies of the revolution, is today worrying him greatly. Gomez and his associates declare a misunderstanding has occurred. A messenger from Gomez was today on his way to Orozco to place before the latter certain documents calculated to make him understand.

It is generally admitted now that while General Orozco invited Gomez to come from San Antonio, Tex., to participate in the direction of revolutionary affairs, the invitation did not extend to the assumption of executive authority, such as a provisional president might have.

Should Orozco and Gomez fail to agree eventually, Gomez probably will find himself in an embarrassing position. The Mexican government will arrest him on a charge of treason should he venture into federal territory. In Juarez, or the rebel zone, he is virtually under the control of Orozco, and rumors that he is actually a prisoner of Orozco have been numerous in the last few days.

MUST NOT RETURN.

To return across the Rio Grande into the United States, friends of Gomez believe impossible, as it is reported that American special agents now have gathered evidence charging Gomez with fomenting revolution against Mexico while in American territory.

Much depends upon the military achievements of Orozco in the next few days. News of a decisive battle somewhere between Torreon and Jimenez was expected hourly today.

Gomez has a strong following in the south, but has little popular support in the north, where Orozco is the dictator. Should Orozco be defeated it may mean the rise of Gomez or a new military chief. A rebel victory spells a complete dictatorship hereafter by Orozco and perhaps the downfall of Gomez. Likewise a revolutionary triumph at this moment would present a serious situation for the Madero government, as agents of the latter in El Paso declared today, the federal government had concentrated nearly all its military strength for a decisive blow to the insurgents.

Gomez gave a detailed explanation today of the tangle that has arisen over his relations with General Orozco. Seated in the customs house the provisional capital of the republic with Pasqual Orozco, Sr., father of the military chief at his side, Gomez declared he had been acting in accord with

ARMED CITIZENS AID OFFICERS IN DESPERATE HUNT

Rifles, Revolvers and Nitro-glycerine Found in Workers' Lodging-House

PATROLMEN WOUNDED FROM AMBUSH;
UNDESIRABLES WILL BE DEPORTED

SAN DIEGO, May 8.—Fifty men have been arrested on suspicion of being members of the Industrial Workers of the World and eight rifles and revolvers and two flasks believed to contain nitro-glycerine found, as a result of the wounding of two policemen and the shooting of an Industrial Worker last night. Joe Mikolash, the wounded Industrial Worker, will die, according to reports at the emergency hospital this morning. He was shot three times by one of the policemen after the attack on the officers.

Beginning early this morning every available policeman was called to headquarters and a thorough search of the city begun. At 7 o'clock this morning twenty-five men had been arrested. Two hours later the number of arrested men was fifty, and the hunt was still going on.

Saloons and lodging-houses in the lower end of the city are being systematically searched. At one saloon ten men were taken in by the police. The lodging-house at Thirteenth and K streets, where the shooting took place, and at Ninth and I streets, both in an undesirable neighborhood, were empty when the police arrived this morning. Last night after the shooting five men were found in the attic of the former.

The supposed explosive was unearthed in the cellar of the lodging-house at Thirteenth and K streets and the rifles and revolvers were found hidden in the same house this morning. One rifle was equipped with a Maxim gun silencer.

SCORES AID POLICE.

Scores of special policemen, citizens, United States soldiers and marines are aiding the police in the search for Industrial Workers this morning and it is believed to be the intention of the authorities to take every arrested man found to be a member of the organization out of town with a warning never to return to San Diego.

A writ of habeas corpus, issued at the residence of Judge W. R. Guy of the superior court last night, at the request of an attorney for the Industrial Workers, directing the chief of police to produce in court members of the organization arrested at Old Town and taken out of the city last night after the shooting, by the citizens' committee, was still unanswered this morning, although a deputy sheriff had endeavored to serve it on the chief of police. The chief was not at his office this morning and none of the police officers would admit they knew where he was. It is believed he is in an automobile leading the hunt for the Industrial Workers.

Patrolmen H. C. Stevens and R. M. Heddon, who were shot from ambush at George's place last night, near the lodging-house at Thirteenth and K streets, are believed this morning to be out of danger and will recover unless complications set in. According to their statements today about six men have been fired upon by the Industrial Workers in the shadow of the hill-

ing and fired simultaneously. Both fell at the first fire and in spite of their wounds managed to draw their revolvers and return the fire.

TAKEN FROM TRAIN.

Thirty policemen yesterday flagged a Santa Fe freight train at Old Town, on the outskirts of San Diego last night and took from the cars eighty-one members of the Industrial Workers of the World. The wounding it was stated, had forcibly boarded the train at Santa Ana during the night with the intention of coming to this city.

Information was wired to the Police Department here by the Santa Ana authorities. The men will be held at Old Town, investigated by the United States immigration officials and most of them, it is announced, will be sent back to Santa Ana to face charges to be made by the railroad company for taking possession of the train.

CHARGED WITH ARSON.

Anti-Alien Labor Bill Proposed in Arizona

Radical Measure Fixing Educational Test Opposed by Mining Concerns.

PHOENIX, Ariz., May 8.—After a lengthy debate the State Senate, in committee of the whole, yesterday recommended for passage the Kinney anti-alien labor bill, considered the most radical measure introduced in the legislature. The vote was 13 to 6.

The bill proposes that men employed in connection with mines and railways must be able to speak and read the English language and was strongly opposed by mining companies employing foreign labor.

Oxnard Bartender Is Slain by Robber

OXNARD, Cal., May 8.—George Caggie, a bartender, was shot and killed early today by a highwayman who held up the saloon where the victim worked. The robber entered Caggie's place, and when his order to hold up his hands was disregarded, he struck the bartender first with the butt of a shot gun and then fired a charge of shot point blank into Caggie's body. The slayer then fled without obtaining booty.

SAN FRANCISCO, May 8.—W. L. Coughs, secretary to Mr. Knox, called today, when asked to confirm the theft of Mrs. Knox's jewels, that the value of the thief's booty had been exaggerated. The department of state at Washington had notified Secretary Knox, he said, that the jewels had been recovered but had given no details. Mrs. Knox missed the jewels while the party was traveling from California when the woman brought the coral zone to San Jose, de Guatemala on the Maryland.

Asylum Patient, Armed, Is Hunted by Posse

SAN BERNARDINO, May 8.—Geo. C. Taitweller, the youthful wife slayer from Los Angeles, who escaped last week from Patton insane asylum, where he was confined after his trial, has been traced to Needles, and an armed posse was sent out today to search for him in the desert beyond that point. The fugitive appeared to be well supplied with money, and those who reported his presence in Needles yesterday declared that he was heavily armed.

The escape of Taitweller from the asylum was not brought to public notice until M. C. Cunningham, father of the slain wife, asked for an investigation.

Sues Hairdresser for \$10,000 Damages

SAN FRANCISCO, May 8.—Damages amounting to \$10,000 for scalp burns, destroyed hair and facial disfigurement, all to have been inflicted by Melville Block, a hair dresser, were asked in a complaint filed in the superior court here yesterday by Mrs. Agnes Ross.

Revenue Cutters Are Racing to Rescue

WASHINGTON, May 8.—The British steamer Indore of Liverpool is stranded on French reef, Florida straits, and the revenue cutters Vamcaraw and Forward are rushing to her assistance, according to wireless advices received here today. The Indore is a vessel of 4775 tons.

Turkish Troops Victorious on Island of Rhodes

LONDON, May 8.—The governor of the Turkish island of Rhodes, where the Italian troops landed a few days ago, telegraphed:

"We have won a victory and have captured 1000 Italians," according to a special news dispatch dated May 8 from Pera, Turkey.

John Burroughs Is No Browning Admirer

American Naturalist Can't See
What People Can Find to
Celebrate Over.

PASADENA, May 8.—As the culmination of what was planned to be the most elaborate Browning centenary celebration in America, a letter from John Burroughs was read here to a large gathering of admirers of the English poet, in which Burroughs said he did not see what people could find in Browning to hold a celebration over. The letter was one of a hundred containing greetings from well-known literary men and women, received by Dr. George Wharton James, president of the Pasadena Browning Club.

The centenary celebration lasted three days and included addresses at twenty churches and at all public and private schools.

Bullet Replaces Two Front Teeth of Miner

Fight Over Desert Prospect Results in Peculiar Mishap to Foreman.

SAN BERNARDINO, May 8.—S. Shrader, a mine foreman, is here today recovering from a dental operation performed to remove a 45-caliber revolver bullet which had imbedded itself in his jaw after knocking out two of his teeth.

The bullet was fired by B. S. Skidmore, a prospector, who said he was trying to drive a party of miners off a piece of land in the Gila Roads district. The bullet struck Shrader in the mouth, knocked his two front teeth down and lodged itself so firmly in the cavity that the man had to be taken to a dentist before the lead could be removed.

Highwaymen Blow Postoffice Safe

POMONA, May 8.—Two highwaymen blew up the postoffice at Cuyamaca, a small town near here, today and escaped with a small amount of money. The charge of dynamite they used was so heavy that it wrecked the building in which the postoffice was located. The postmaster heard the explosion and when he went out to investigate was fired upon by the blowing robbers. He was unhurt.

Marine Accused of Robbing Mrs. P. C. Knox of Diamonds

LOS ANGELES, May 8.—A marine aboard the cruiser Maryland is in custody today, charged with having robbed Mrs. Philander C. Knox, wife of the secretary of state, of diamonds valued at more than \$2000. The gems were stolen from Mrs. Knox during the tour of the secretary and party in Central America. The accused marine is said to have been arrested in San Diego, March 29. Several of the stolen diamonds were recovered from a pawnshop. They will be sent to Mrs. Knox to be used as evidence when the marine is brought to trial. Captain J. M. Elliott of the

CROWD TO HEAR VERDI'S REQUIEM

Event to Live Long in Memory of Those Who Love Music.

Everything is in readiness to handle the big crowd that will assemble at the Hearst Greek Theater of the University of California in Berkeley next Saturday afternoon to hear the divine work of Verdi, the Requiem Mass which he composed in honor of the memory of the poet, Manzoni. Paul Steinhardt and the Berkeley Oratorio Society have gone to great lengths to make this an event that will live long in memory with the big things that have been accomplished in the Greek theater, and Saturday's production will add fame to the successful interpretation of works of this class under the open blue sky of California.

The chorus of one hundred and fifty will be aided by Mrs. Orrin Klipp McMur-ray, soprano; Mrs. Carroll Nicholson, contralto; Carl Anderson, tenor, and C. E. Perry Jr., bass, and a complete concert orchestra of fifty, the entire assemblage being directed by Paul Steinhardt.

DO YOUR TEETH HURT?

It's Your Own Fault if You Patronize an Unskilled Man.

After skilful dental work is done on your teeth you should have such comfort that you forget them entirely. You're to blame if you patronize an unskilful dentist and get poor work. Twenty years of study and experience gives me the right to say the above. I gladly refer you to my choice. I have done work for during the last five years in Oakland.

Better have your teeth attended to at once—it's painful—and besides the sooner you have them attended to the better it is.

You'll find my charges for the best kind of dental work are extremely reasonable.

HORSE KICKS TWO CHILDREN; ONE DEAD

ELLENSBURG, Wash., May 8.—The little son of G. E. Ross, paymaster for the government storage project at Lake Kachess, is dead and a little daughter of Ross seriously injured as the result of a kick of a horse. The children were playing on the road and stepped aside to permit a team led by workmen to pass. The children then stepped back into the road behind the horses when one of the animals kicked, a hoof striking each child. The skulls of both were crushed, the boy being dead in a few minutes.

BAKERSFIELD RESIDENT KILLED BY LIGHTNING

BAKERSFIELD, May 8.—Eckhart Francis Miller, an employee of the Bullock Oil Company, in the North Midway field, was killed during a severe electrical storm, presumably by lightning. He was picked up unconscious and died a few hours later.

His brother, J. J. Miller, works on the Bullock lease, and his parents live in Guthrie, Okla., to which place the body will be sent.

ARRESTED FOR CASTING SLURS AT MILITIA

NORTH YAKIMA, Wash., May 8.—Because they mentioned "the soldiers" in a loud tone as members of Company E, Washington National Guards were parading last night, C. J. Watson, W. J. Law and F. H. Schmidt were arrested by militiamen detailed by Captain L. L. Dolles for the purpose. They are held in the city jail for a warrant.

ASSERTS RICHESON IS MORMON ELDER

Woman Declares Girl's Slayer Held Post in Church of Zion.

BOSTON, May 8.—Clarence V. T. Richeson, under sentence of death for the murder of Avis Linnell, has been a Mormon elder and secretly connected with the Mormon organization for several years, although preaching from a Baptist pulpit, according to a sworn statement just made before William A. Thibodeau, an attorney and justice of the peace.

The author of the affidavit, Mrs. Louise E. Brittain, claims to have been formerly connected with the Mormon church and to have been the "celestial wife" of a New York man. She is at the head of the Mormon organization in the East.

Mrs. Brittain says she has known Richeson several years, first meeting him three years ago at a Mormon conference on Staten Island, where, she says, the Baptist clergyman was recognized as one of the Mormon elders and was particularly active in the affairs of the conference. She has seen him many times since in and about Boston, and has given him the Mormon signs, which were always answered, she claims.

GAVE ORDERS AS ELDER.

She says she attended a Mormon conference at Providence, R. I., a little more than a year ago, at which Richeson was present, and that she received commands from him as a Mormon elder at a Boston gathering of church leaders. A short time ago Mrs. Brittain became converted from Mormonism, she says. According to Thibodeau, who gave out the affidavit last night, Mrs. Brittain recently divulged to some of her close friends her knowledge of Richeson's alleged connection with the Mormon church and was prevailed on to make the facts known previous to the time set for his execution, as it was felt that the information if withheld until after his death, would seem unfair.

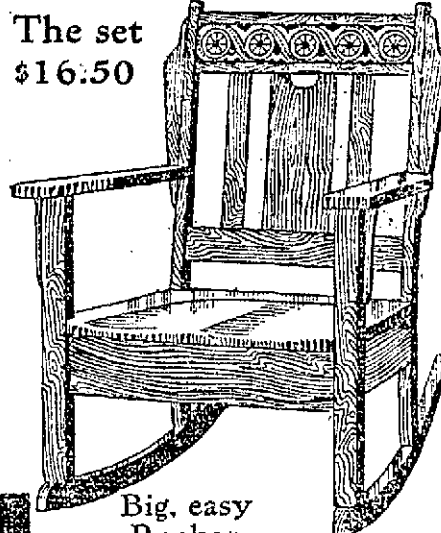

Mrs. Brittain has become known during the last few weeks as a "Mormon worker" in and about Boston. In an interview tonight she said that, to the best of her belief, Richeson was converted to Mormonism while a student at William Jewell College in Liberty, Mo., from which he was expelled in 1892. At that time Richeson became attached to a young woman who now makes her home in Salt Lake City. To this young woman is due Richeson's trend toward Mormonism, Mrs. Brittain believes.

MAKES NO REPORT.

BOSTON, May 8.—Dr. Vernon Briggs, the silentist acting for Governor Foss in the Richeson case, has been unable after several examinations to report definite findings as to the mental condition of the prisoner. He will make another examination soon and in the meantime Richeson is to remain at the Charles Street jail, although the usual custom calls for the prisoner's removal to the death cell at the Charlestown State Prison on Thursday.

Governor Foss will take no action until Dr. Briggs has reported.

The Magnitude of RICHMOND ANNEX

The LARGEST Subdivision Ever Placed on Sale in the Bay District

NOTE THESE FACTS AND FIGURES

- 1st There are 5000 lots in Richmond Annex.
- 2d The engineer's plat of Richmond Annex covers 3 large sheets and measures 7 feet 8 inches in length.
- 3d The contract let to Bates, Borland & Ayer on April 2 for improvements, which are now being installed in Richmond Annex, amounts to \$500,000.00.
- 4th The Santa Cruz Portland Cement Co. are now filling an order for sufficient cement to construct 1,120,000 square feet (equalling 50 miles) of gutters and sidewalks in Richmond Annex.
- 5th Gladding, McBean & Co. are delivering an order for approximately 30 miles of sewer pipe to be used in Richmond Annex.
- 6th Richmond Annex extends south to the county line and faces on San Pablo avenue for nearly a mile.
- 7th Richmond Annex is the first subdivision at Richmond to give its purchasers high class improvements absolutely FREE of any cost.
- 8th Richmond Annex is the only fully improved marine view subdivision at Richmond.
- 9th Richmond Annex is the connecting link between Richmond, "the Manufacturing City," and Berkeley, "the College City."
- 10th Richmond Annex is the last large tract of land lying between these two rapidly growing communities.
- 11th The 90-foot Panhandle Boulevard through Richmond Annex is to be one of the finest in California.
- 12th This Panhandle Boulevard does away with the round-about route between Richmond and Berkeley and Oakland, reducing the distance nearly a mile.
- 13th The Southern Pacific's electric trains from Oakland mole will run through Richmond Annex on the Panhandle Boulevard into Richmond.
- 14th Richmond Annex will have better transportation facilities than any subdivision around the bay—the Key Route, Oakland Traction and Southern Pacific.
- 15th From Richmond Annex you can reach San Francisco in 40 minutes, fare 10c; Oakland in 17 minutes and Berkeley in 10 minutes, fare 6c.
- 16th Richmond Annex gives you an unequalled view of bay and Berkeley hills.

Here Are the Improvements We Give Every Purchaser Absolutely FREE:

A complete sanitary sewer system with outlets, oiled macadam paved streets, curbs, concrete gutters, cement sidewalks, water mains, storm sewers with catch basins and shade trees along the parking strip.

Every person who purchases a lot in Richmond Annex gets the same high-class improvements. And the protection of a \$1500 building restriction, which prevents the construction of cheap, unsightly sheds or shacks alongside your home. This protection increases the value of home sites in Richmond Annex.

THINK!

What an ideal place in which to build your home and LIVE!

What an excellent opportunity this is to make a first selection of one or two lots and hold as an investment.

High class, fully improved, marine view property like Richmond Annex will build up and be settled very rapidly.

Tentative plans are being made for the observance of Memorial day, when the representatives of the Grand Army of the Republic, Women's Relief Corps, Ladies of the Grand Army of the Republic, Daughters of Veterans, Spanish War Veterans, Sons of Veterans and Spanish War Veterans will take part in the ceremonies which will be held Thursday, May 30, in Mountain View and Evergreen cemeteries. At a recent meeting of the patriotic societies which was held in the chambers of the City Council in the City Hall, Judge Z. N. Goldsby, a veteran, presided. Reports on the progress of the various committees appointed indicated that the present year's observance held fair to eclipse that of former years. The exercises to be held in Mountain View cemetery during the morning hours will be featured by an oration by Rev. William Keeney Towner, pastor of the First Baptist church of this city. At Evergreen cemetery, where the graves of the veterans of the Civil and Spanish wars are located, no selection of an orator has yet been made.

Assurances that upward of 200 school children will aid the veterans in their exercises by the recitation of several patriotic songs were reported. The children have on previous occasions of a similar nature lent an additional attractiveness and significance to the Memorial day exercises. A movement whereby the members of the Grand Army of the Republic and its auxiliaries participate in a monster patriotic celebration on the evening of May 30, to be held in an auditorium capable of seating several hundred people, was launched at the meeting. Joseph H. Lawrence warmly advocated the project.

The following compose the personnel of the general committee of the Memorial day exercises: Chairman, Judge Z. N. Goldsby; secretary, Carrie L. Hoyt; and treasurer, Joseph H. Lawrence. The various sub-committees include the following: Finance, N. Hood, C. L. Lombard and J. Atwood; program, H. A. Longfellow, Mrs. Irene Woodham, Mrs. A. A. Cookson, B. Higham and Mrs. Georgia Hodgeman; press, Carrie L. Hoyt, Mrs. J. Thompson and Z. N. Goldsby; music, R. G. O'Brien, the newly elected adjutant-general of the department of the G. A. R., Mrs. Louise Walker and Mrs. Louise Hollingsworth; transportation, Commander A. E. Olney, J. H. Lawrence and T. R. Sletton.

PROBE INTO AUTO
AND TRAIN CRASHWomen Covered Their Eyes to
Avoid Sight as the Two
Came Together.

ALAMEDA, May 8.—Mrs. Martha Catermole, 11, Kohn, Edward Schuster, Otto E. Shearer, Mrs. Edna Shearer, Mrs. Isabel Henderson, Mortimer Chas. Brakeman, Alonzo Gray were the witnesses giving testimony this morning at the inquest conducted by Coroner C. L. Muddie into the death of Herbert Rawlinson, who was killed a week ago Sunday when his auto was struck at Ninth street and Lincoln avenue by a Southern Pacific electric train. The verdict was death due to a fractured skull, owing to a collision between the auto and train. The jury members examined the train wreck from all angles and recommended that the whistles on the trains be blown more frequently.

Mortimer Randolph admitted that after leaving Bay station he did not blow his whistle but depended upon his bell. When he saw the danger of collision he let go all his levers, the train stopping automatically. Mrs. Isabel Henderson had her attention attracted by a scream from Mrs. Edna Shearer, turning her head just in time to see the train strike the auto. Mrs. Catermole went to the aid of the injured ones. She went first to Kohn, and Kohn to the aid of the injured child. Mrs. Rawlinson, Mrs. Isabel Henderson took the twelve-year-old child Gertrude from under the machine. Brakeman Alonzo Gray tried to aid Rawlinson. Conductor Pennock ordered the ambulance and medical aid summoned. Kohn testified that Rawlinson tried to stop when he saw the train approaching but the auto coasted right in front of the train. Mrs. Edna Shearer saw that a collision was inevitable and tried to get out of the way by covering her eyes with her hands. Otto Shearer and Edwin Shearer were on the scene and tried to help the injured ones. Shearer saw the train and auto come together.

Mrs. Amy Ochs and Miss Loretta Seneman, are to be hostesses at an informal luncheon and theater party, May 25, at the Commodore hotel, to Miss Agnes Eyer and Miss Valma Hardy, two brides-to-be. The luncheon will be served at the Key Route Inn, the guests afterward to attend the performance at the Liberty Theater.

MODEL COMES FROM EAST
FOR CROWN OF CITY HALL

Model of lantern to surmount tower of new City Hall. The lamp is on top the lantern and at the base of flagpole.

The clay model of the lantern to surmount the tower of the new city hall, made under the direction of Architect Henry Hornbostel of New York by G. M. Guleti, a famous New York sculptor, is on display in the office of the city architect, John B. Sletton, at the city hall. The model was brought from New York by Hornbostel, who arrived from the east today.

Hornbostel, who is a member of the firm of Palmer & Hornbostel, architects of the new city hall, is here on a visit of two months or more to assist in drawing the plans for the proposed \$500,000 municipal auditorium. The new city architect will also act in an advisory capacity in looking over the plans and preliminary sketches for the public school buildings.

While here, Hornbostel will be entertained by the California chapter of the American Institute of Architecture, of which organization he is one of the most eminent members. It is also probable that he will consent to speak at the summer session of the University of California.

LIBRARIANS WILL
GATHER AT TAHOETwo State Organizations Plan
Joint Conference on Very
Important Topics.

The California Library Association and the California County Librarians will hold their joint convention at Tahoe, California, beginning on June 17 and adjourning on June 23, 1912. The meeting and its reasons for being called are of unusual interest to every resident of California. The California Library Association is a very live organization. The California County Librarians are also a very up-to-date body of workers. They are the younger organization than the California Library Association, since the county free library system has been in operation only three years. In that time it has accomplished a great work. Its ideal is to establish in every county of California a free library which shall supply every resident with books. They are working whether the resident in question lives in a city or off in the most isolated district of the country. Such a scheme of book distribution has never been attempted, but in California it is already hailed as a triumph success.

At this meeting at Tahoe it is decided that everybody actively engaged on what is engaged in library work in California shall be present—county librarians, other librarians, library trustees and all interested workers with books. The county librarians have already had two annual meetings; the California Library Association has had sixteen; this is the first joint session of the two bodies. Papers will be read and discussions brought forth on all the live library topics of the day; the motto will be: how to improve the work; how to get books to the people; how to do it cheaper; how to do it quicker. At this meeting also the state regular summer rate to Lake Tahoe will be discussed. It is better than the usual one-and-a-half fare rate. Rates at Tahoe Tavern are reduced for the occasion. The regulations on tickets provide stopovers at several places in California, where a country or other library is doing especially good work. A valuable stopover place is Sacramento where the work of the State Library can be personally investigated.

ALLEGED COUNTERFEITERS
FINED BY FEDERAL COURT

SAN FRANCISCO, May 8.—Lawrence Catouns of this city and Grose Goff of Chico, arrested last month for counterfeiting, were sentenced to pay a fine of \$50 or remain in the Alameda county jail until it should be paid. James B. Harnan pleaded guilty this morning to the theft of \$145 from a local postoffice and will be sentenced tomorrow.

ALAMEDA TEACHERS
SALARIES RAISEDTotal Amount Is \$3200 a
Year; Several Other
Changes Ordered.

ALAMEDA, May 8.—At the meeting of the board of education held last evening the salaries of the teachers was increased a total of \$3200. Since the average daily attendance has increased during the year it is expected that the state and county will take care of the increase. The basis of the salaries throughout the department is approximately 95 per cent of salaries paid for similar positions in Oakland and Berkeley.

Director Shanly introduced the rule providing, however, that no reduction will be made from salaries of the teachers on account of illness. This proposition was introduced on motion of Superintendent Wood and was made on account of the increase in the salaries of the teachers. A committee from the Everett Mothers' Club was present at the meeting of the board and advocated the addition of two rooms in the school and also presented a petition. Directors Shanly and Ward pointed out that the Everett school building was old and the addition of two rooms would make it a better school. The case was referred to a committee on classification.

The superintendent was authorized to install his plan of reorganization in the Washington school, beginning next term. According to plans modern language will be introduced as an elective subject, beginning the seventh year. Pupils not desiring a modern language will have to take of course in everyday English, including a study of the best current literature, business composition and Practical English. Later on it is proposed to allow the pupils in the eighth year to elect commercial arithmetic, or elementary algebra. By this arrangement Superintendent Wood expects to have at least a one-half cent's worth of pupils who intend to take an academic course in the high school and to give pupils preparation for commercial careers, a better mastery of practical English and commercial arithmetic. A kindergarten was ordered established at the Lincoln school and it is probable that the minimum age at which kindergarten pupils will be received will be 5 years. If the kindergarten is successful in this school it may be extended to other schools.

RETAIL CLERKS PLAN
TO GIVE DANCE SOON

The Retail Clerks, Local No. 47 of Oakland, met last night in I. O. O. F. hall and discussed the affairs of the organization. Inevitably planning a dance to be given soon. Among the speakers of the evening were O. W. Wiegand, T. Maule and Jack Proden of Berkeley.

FOUR ARRESTED AS
RESULT OF FIGHTSmall Sized Riot Quelled by
Police Near West Oak-
land Yards.

As the aftermath of a small riot near the West Oakland railroad yards between union and non-union men, four men were before Judge Mortimer Smith this morning, booked on charges of disturbing the peace, and in one instance with assault with a deadly weapon. The cases were put over till tomorrow morning, to file complaints.

The trouble occurred at Seventh and Tenth streets, and was commenced by Charles Grassi, said to be a non-union man, declaring that he could "clean out the whole bunch of strikers." His threat was greeted by the group of men with angry comments, and a piece of iron was thrown at Grassi, it is alleged, knocking him to the sidewalk. The non-union men rushed to his rescue. W. J. Downs, a man of immense strength, hurled himself into the fracas. Downs is a union man. He knocked five of the men down, one falling through a plate glass window. "Con" Keefe, a patrolman, rushed into the melee. He knocked Downs to the ground and placed him under arrest. Sergeant Forgie, suspecting that Keefe was bent on taking the case to the police station, and Captain Lynch, accompanied by Patrolmen Neils and Erickson, came to the scene of the fight in the police automobile.

RECEIVES VERDICT
FOR \$1000 DAMAGES

Emily R. Eastman was awarded \$1000 damages against the San Francisco, Oakland & Terminal Railway Company by a jury in Judge Harris' court late last night. Plaintiff was injured while attempting to board a street car at Forty-ninth and Telegraph avenue on October 17, 1907. She claimed that the conductor started the car too soon and that she was thrown to the pavement, sustaining an injury to her knee.

RECALL PETITION INVALID;
MORE SIGNATURES NEEDEDVerification Deputies Find Many Irregu-
larities in Submitted Lists

Although no official report has been given out in regard to the verification of signatures to the proposed city recall election petition, it is understood that a substantial number of the signatures have been made in an irregular manner to the extent that unless a sufficient number of additional names are procured within the next few days, the petition will not hold good. In some cases it is pointed out by verification deputies that the petitioners have been entirely made out by deputies who presented them to the signer, in other instances signatures have been made with a cross without witnesses to same. There are also a large number of names on the petition that do not appear on the great register of voters which has led to a suspicion that names were added in order to make the petition presentable within the time prescribed by law.

Battles in favor of the recall are now at work in an attempt to obtain more signatures to make up for what will probably prove to be a considerable deficiency in the number of names required on the petition, which is 15 per cent of the total number of votes cast at the last State election. Unless these names are forthcoming it is likely that the petition will be thrown out by the council. Twenty or more deputies are now at work in the county clerk's office comparing the names on the petition with those on the great register and in other ways verifying them.

WIFE OF RAILROAD
MAN PASSES AWAY

SAN FRANCISCO, May 8.—Mrs. Irene E. Gordon, the wife of Philip K. Gordon, general agent for the Pacific Coast of the Sunset route of the Southern Pacific company, died at her home, 1319 Taylor street, after a lingering illness.

Mrs. Gordon was the daughter of M. K. Masten, one of the best known pioneer railroad men of the State and a local agent for the Southern Pacific during the presidency of the late Collis P. Huntington. Masten was president and manager of the Maricopa and Phoenix railroad. Mrs. Gordon's death was expected and nearly all of the members of the family were at her bedside when she passed away. She is survived by her husband, her two sons, John S. and Philip K. Jr., and a daughter, Emma. She had also one brother and two sisters, Joseph M. Masten, paying teller of the Crocker National bank, Mrs. W. S. Perkins, of this city, and Mrs. Peter J. Dunne of San Jose.

BERKELEYAN DIES
WHEN AUTO FALLS

DAKERSFIELD, May 8.—Failure of the brakes on their auto at a critical point on the road down Kern river canyon from the power development plant, threw J. P. Ludlow of Berkeley and J. R. Nelson of this city over a forty foot embankment yesterday. Ludlow received injuries from which he died. Ludlow fell on a rock and was injured internally. He was an employee of the J. G. White Construction company, and leaves a wife in Berkeley. Nelson escaped with only minor bruises. The car precipice and was wrecked.

PEOPLE BUILD BATTLESHIP. STOCKHOLM, May 8.—The sum of \$3,380,000, subscribed by the public for construction of a battleship for the Swedish navy, was to-day taken to the King by a deputation representing the donors. King Gustave expressed his profound gratitude for the magnificent gift and for the demonstration of Swedish generosity and patriotism.

'TEDDY A GOOD
FELLOW,' BUT--New Yorker Scores Colonel at
the La Follette
Meeting.

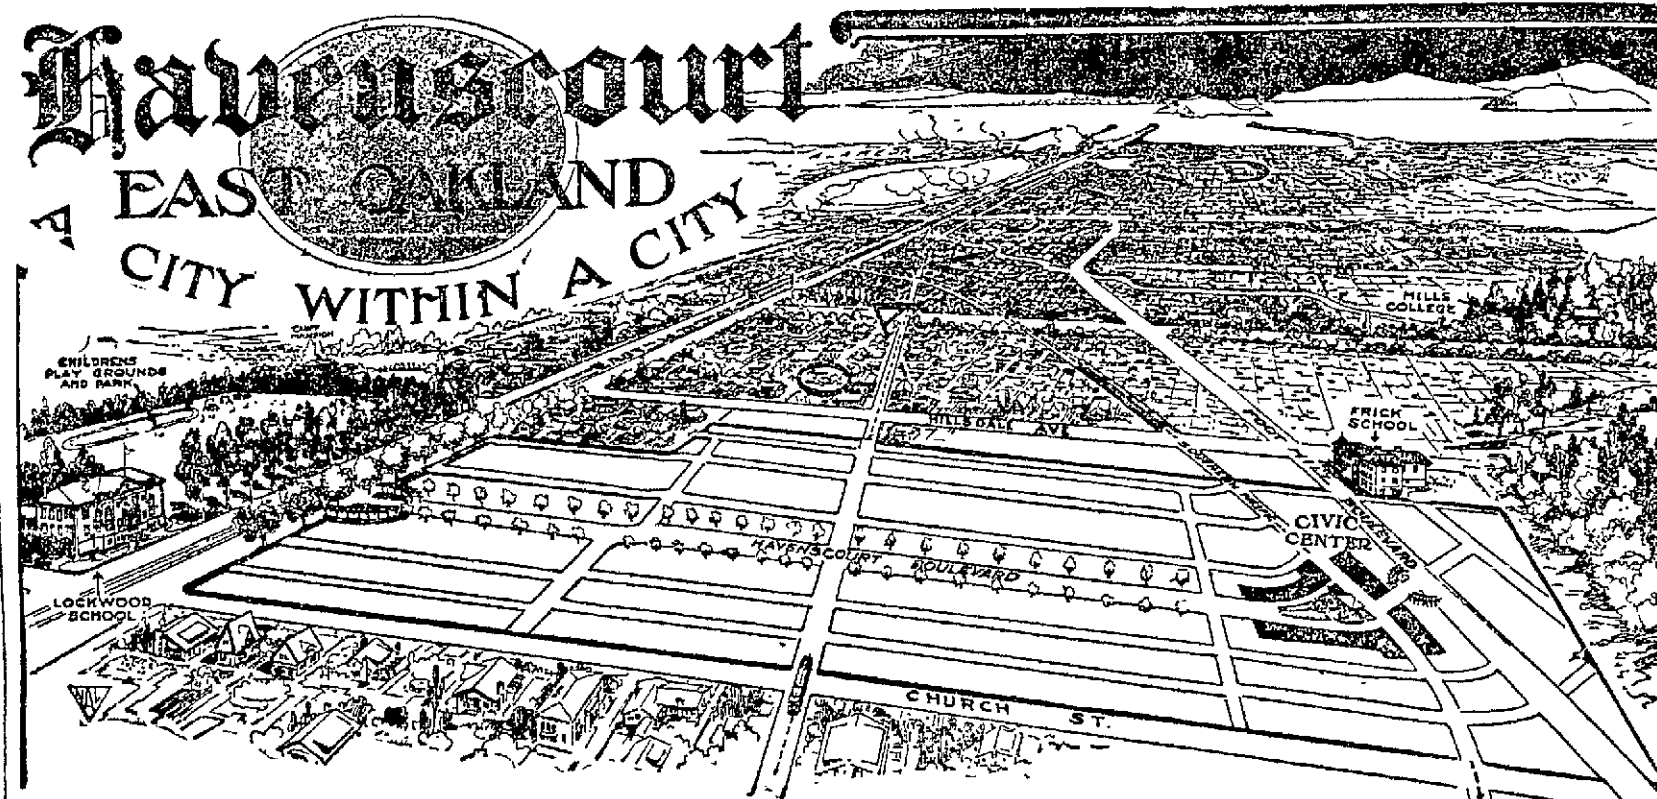

Declaring that "Teddy was a good fellow and a good preacher but not either for presidential nomination in this case," Colonel Gilbert B. Roe of New York spoke before a meeting of men and women at Rice Institute last night.

Colonel Roe was there in the interests of La Follette but he devoted most of his remarks at Governor Johnson and Roosevelt, both of whom he charged with betraying a trust imposed by the people. "Why did not Roosevelt lend his aid for the suppression of the infamous methods of this institution, especially in their practice of rebating, the dirtiest of all crimes?" said Roe. "This question is answered by the well-known fact that George W. Perkins, the head of the harvest trust, paid into the Roosevelt campaign fund the sum of \$15,000 in an effort to effect his nomination. "Why didn't Roosevelt fight the steel trust, the sugar trust and all the other trusts? He was afraid to because his friends are the backers."

Speaking on the change in views of Governor Johnson, originally a La Follette supporter, but now stumping for Roosevelt, Colonel Roe recited an incident when the Governor paid a personal call on him at his New York home a few months back. "Johnson told me that no matter what anyone else did, he started in the fight for La Follette and would stay in the fight to the finish," said Roe. "Johnson will not dispute what I say. We talked over the situation and Johnson was firm in his support for La Follette. The meeting was presided over by Charles Quayle of this city."

NEW YORK RAILROADS
FINED FOR REBATING

CHICAGO, May 8.—Three of the New York Central lines, indicted by the local grand jury for conspiring to rebates, pleaded guilty yesterday and paid aggregate fines of \$40,000. United States Judge Carpenter imposed the penalties.

HAVENSCOURT

"THE HOME PLACE BEAUTIFUL"
THE LARGEST SINGLE PROPERTY EVER
PLACED ON SALE IN THE CITY OF OAKLAND

MANY SPLENDID AND UNUSUAL FEATURES

Havenscourt, lying right in Oakland, between East Fourteenth Street and Foothill Boulevard, is nearly a mile long, a quarter of a mile wide, contains 171 acres, and will be "a city within a city," having its own park and Civic Center. It is high and level.

Hundreds of men and teams are now at work in the construction of twenty-one miles of oiled macadam streets and concrete sidewalks, lying between the boundaries of this great property.

Through the center of Havenscourt runs Havenscourt Boulevard, a magnificent avenue, ornamented at each end with beautiful pergolas enclosing park spaces, and planted throughout with date palms.

No front fences will be permitted at Havenscourt. Palms and orange trees will be planted along all the avenues, as this particular district in Oakland is so MUCH WARMER, that it is peculiarly adapted to these trees.

No telephone nor electric light poles or wires will be permitted on any avenue in Havenscourt. All wires, together with sewers and water mains, will be kept at the rear of the lots.

SPECIAL INTRODUCTORY PRICES

For some time while hundreds of men and teams are at work, Havenscourt will be somewhat "torn up," and during this period—BEFORE the big opening sale—we shall offer the inducement of Special Introductory Prices. These prices are being placed so low that those who select fine sites now should be able to sell at a good round profit on the opening days in June, at which time we expect to have several thousand people at Havenscourt, and to effect sales amounting to a quarter of a million dollars or more.

THOMAS' REPORT MERE CRITICISM, SAYS COMMITTEE

Effort to Merge County and Emergency Hos-
pitals Basis of Physician's Contentions

Asserting that Dr. H. G. Thomas' report was not a criticism and not a minority report on the proposed combination of the detention home and emergency hospital members of the executive committee of the Alameda County Tax Association this morning denied Thomas' statement that his report was a criticism.

Investigation of the matter today resulted in the finding of the following facts:

Dr. Thomas' report was not published because it contained merely criticism and no suggestion of betterment thus violating the cardinal principle of the Alameda County Tax Association.

The executive committee held seven meetings of members of the detention home and emergency hospital. Dr. Thomas attended but three of these and at no time was present at an entire session. He is therefore, not in a position to speak intelligently on the matter.

Dr. Thomas was appointed a member of the committee at the earnest request of Dr. Edward Von Adelung, representing the Oakland Medical College. It developed after a number of meetings of the committee that for a long time the college had been working to bring the county hospital into the city, that students of that institution could have the benefit of it. Therefore says the committee there is a reason for Dr. Thomas' suggestion that the county hospital and emergency hospital be combined.

This is the basis apparently of Dr. Thomas' contentions and disagreement with the committee.

REPORT ON HOSPITAL

The executive committee has still to report on the county hospital and the members declare they do not know what recommendations will be made. It is stated that the superintendent of San Francisco's county hospital declares an institution of the kind should never be inside the city limits.

Thomas says he is not of the opinion that the proposed site at Fifth and Franklin, is the proper place for a detention home. In reply to this it is said that the physician told a member of the committee that he objected to the Fifth and Franklin site for the detention home because that site might be used for the county hospital.

The combination of the county hospital and the emergency hospital is evidently the basis of Dr. Thomas' disagreement, the committee states, although no denial is made that the detention home change is necessary.

Four employees care for an average of twelve patients a day at the county hospital. The average of an average of eight patients daily at the receiving hospital. It is the committee's claim that either medical staff could handle double that work without trouble.

In answer to the physician's contention that a salary of \$150 a board and lodging is less than an experienced surgeon could be obtained for, it is answered that Dr. T. T. Stratton, resident physician of the county hospital for ten years, states this is a good salary, equal to that paid at Merritt hospital and more than the salary set aside at Fabiola for a resident physician.

When Thomas submitted his report Chairman Uhl filed it in regular order.

attaching his criticism. The report went through the regular channels, was handed to the executive committee, considered and ordered filed as are all documents of the Alameda Tax Association.

MINORITY REPORT.

The so-called minority report of Dr. Thomas follows:

MINORITY REPORT ON COUNTY EMERGENCY HOSPITAL

To the Tax Association of Alameda county.

I hereby submit a minority report on the proposed combination detention home and emergency hospital.

First. As a member of the committee on county hospital I object to making any report to the Board of Supervisors until after it has been submitted to the Tax Association as a body.

While agreeing with the majority report that much saving can be effected by better buying, closer watch on expenditures and that greater efficiency can be maintained, I am not of the opinion that the proposed site, Fifth and Franklin is the proper place for a detention home (especially in the close proximity to the hospital the jail etc.) a detention home should have something more of the substance and not merely the name home.

No mention in the majority report is made of the cost of the venture which as a combination affair will be but an experiment.

The estimated saving will not be realized for the following reasons:

It is proposed to eliminate four of the attending physicians at the county hospital and have one surgeon to attend to detention home receiving hospital and county jail. That salary is \$150 per month.

Emergency surgery is surgery that requires special skill, quick judgment, quick work and good work. This requires men of experience and it is an impossibility to get an experienced surgeon to take such a position for \$150 per month. Only a novice can afford that and in emergency work the experienced men must be called and this means pay.

Frequently there are accidents in which several are injured and then there are several surgeons required.

Emergency work is life saving work and the cost of the venture is not an unfair and misleading one. Put your finger department on that basis. You have fires at irregular times, you have men and keep your equipment all the time. The chief value is the emergency quick work which catches the blaze in the incipient stage.

ALCOHOLISM CASES

As to alcoholism making 40 per cent of the cases well and good. Alcoholism or not if these men are injured, injuries must be taken care of. These people are more liable to infections than others and longer sickness and death may result.

As the majority of these men are workmen, their being out of work longer by having injuries is an economic loss to the community just the same.

No cases of simple alcoholism are treated in the emergency hospital. That any such number of cases is due to alcoholism as reported is absolutely necessary. I do not deny, but I regard this disposal of it as being unwise and hasty.

In regard to matron under new plan. No one matron can do all that work. As outlined, she would have to have nine or ten graduate nurses, and in addition when insane women are brought in for examination, also for girls in detention home, an impossibility for one person.

If a real out to the home saving is to be effected, a great deal of efficiency, protection and the earnest consideration of the combining of the county hospital and emergency hospital is needed. In Oakland, whether at Fifth and Franklin or some other central site, in this you will have a resident and three graduate nurses, 25 as inmates who can take charge of the majority of your emergency work and at the smallest expense, but in these cases will require more help.

Congress After the Foreign Ship Trust.

Without division Congress seems resolutely bent on breaking the power of the foreign monopoly that now controls the sea trade of the United States. All the great steamship lines plying between the United States and Europe are in a combine to maintain freight and passenger rates. They exert a large influence on railroad transportation in this country, especially along the Atlantic seaboard. They direct the routing of freight on land, and virtually determine what ports shall get the bulk of the exporting and importing business. To all complaints made against their methods of doing business they return this stock answer:

"We are foreign ships belonging to foreign corporations, and we owe allegiance to a foreign government. If we do not choose to obey your laws, what are you going to do about it?"

Congress is getting ready to show them what this country intends to do about it. Every member of the House Committee on Merchant Marine and Fisheries has signed a report recommending the passage of the Humphrey bill denying the use of American ports to all foreign ships operated in violation of the Sherman anti-trust law. If Congress should act favorably on this recommendation the power of the foreign shipping trust will be broken, and monopolization of the Panama canal by foreign ship owners prevented.

"The foreign steamship combinations carrying oversea trade are the most complete monopoly in the world," says the report. "Being monopolies, their rates are unjust and oppressive. The rates between this country and Europe and between this country and South America are exorbitant and far higher than a fair compensation of the services performed."

"These combinations annually unjustly levy millions upon American commerce. To a great extent they have destroyed our foreign trade not only by exorbitant freight rates, but by discriminating against us in all the ports of the world in favor of the products of their country."

"These lines admit all the charges that have been made against them—that they are in a combination to suppress competition, to fix rates, to increase their earnings and to advance the commercial interests of the nation whose flag they fly. They admit that they openly violate our laws."

"This country will not have one law for our own people and another for the foreigner that does business in this country. We are today in a most humiliating condition. Our ships have practically disappeared from the sea. Our commerce is at the mercy of foreigners. They dictate the terms upon which it is carried and openly violate the laws. It is not conceivable that this government stands helpless before this giant foreign monopoly."

The Humphrey bill makes it unlawful for any ship to enter or clear in an American port until the courts shall find that the unlawful combination has been dissolved, and the Postmaster General is authorized to cancel all contracts for carrying ocean mails when satisfactory evidence that the companies holding said contracts are parties to combinations in restraint of trade which are prohibited by the laws of the United States. This will tend to compel foreign shipowners to respect the law that they are now systematically violating.

The big foreign steamship companies are the greatest obstacle to the restoration of the American merchant marine. They maintain a lobby at Washington to fight all bills having for their object the revival of the American merchant marine. The immense advertising patronage at their command enables them to exert an enormous influence with the press of this country, and that influence is exerted to keep the United States in commercial subjection to the shipowners of Europe. Our flag is kept off the seas in the interests of a foreign monopoly which corrupts American politics and contaminates legislation. There is an American section to this monopoly. The International Mercantile Marine, which controls four of the big transatlantic steamship companies, including the White Star line, the Leyland line and the Merchants' Transport line, is partly owned in the United States and is dominated by the Morgan interests, although their ships sail under the British flag. The Morgan interests also control the American line which is operated in the interest of the foreign monopoly. Unless Congress passes some such measure as the Humphrey bill the ship trust will control all traffic through the Panama canal and make that highway an instrument of exaction.

La Follette's bunch of voters may yet hold the balance of power in the Chicago convention. If Taft cannot get the nomination on the first ballot, Battle Bob will probably have a deciding voice.

Roosevelt advised the Republicans of Arizona to oppose the recall. They took his advice, but now that he has changed front he thinks they ought to reverse themselves.

Changes in the Senate.

After the fourth of next month the Senate will give striking evidence of the changes recently made in the membership of that body by death and political revolution. In personnel and purpose it will be almost a new body. There will be many new faces and a new alignment. The long-term veterans who directed and controlled the deliberations of the Senate for so many years will have nearly all disappeared, and the remnant of the survivors will be shorn of much of the power they formerly wielded.

Frye of Maine is dead, and Hale has retired to private life. Both have been succeeded by Democrats who were utterly unknown outside of their respective counties a dozen years ago. The long reign of Platt is ended in New York, and a Tammany Democrat sits in the seat so long occupied by Chauncey Depew. Platt is dead. Nelson W. Aldrich, who came as near being boss of the Senate as anybody ever did, has laid aside his toga and betaken himself to the quiet life. His successor will not set fire to the Potomac nor become a national figure of such potency as Aldrich was. As long as Aldrich sat in the Senate Rhode Island was the biggest State in the Union, but now she has shrunk to her normal size.

Uncle Shelby Cullom will give way to a younger man of a different type. At the close of his present term he will have served thirty years consecutively in the Senate. Before he was elected Senator he had been twice Governor of Illinois and had served in the Legislature. Cullom is the last of the group of masterful men from the border slave States who dominated Illinois politics for more than half a century. At their head was Abraham Lincoln. Following him came Dick Yates, John M. Palmer, Richard J. Oglesby and John A. McClernand, Shelby

THE MEXICAN SITUATION

—Bartholomew in the Minneapolis Journal.

M. Cullom and David Davis—every one but Davis a Kentuckian. Davis was from Maryland. Oglesby, Palmer and Cullom were successively elected Governor and Senator. Oglesby and Palmer are dead and now at eighty-four Cullom has been retired from office by his constituents.

Another notable who will be absent after next March is Joseph Weldon Bailey of Texas, the ablest orator and the most trusted man in the Senate. Bailey retires undefeated, but he has been losing his grip on politics and decided to come down, like Davy Crockett's coon, before his enemies brought him down. His successor is yet to be elected.

Another Democratic veteran who will pass out is Murphy J. Foster of Louisiana, who has been turned out by his constituents. The disappearance of Foster from the Senate is an evidence of the revolution that has recently taken place in Louisiana politics, and which has resulted in the complete overthrow of the faction which has dominated the Pelican State for a generation. Ben Tillman of South Carolina still survives and holds his seat in the Senate, but he is old, feeble and sick and incapable of making a stir. Tillman is no longer the picturesque personality he once was. He entered the Senate a radical and remains to be conservative.

There are still Lodge, Gallinger, Nelson and Perkins to be counted, but all are long past their meridian and not altogether in touch with modern political sentiment. Their fighting days are over.

The truth is, a new leadership is coming in control of the Senate. It is formless and archaic as yet, but the old has been broken past repair and cohesion and constructive statesmanship are yet to be developed. Until the transition now in progress has proceeded further, and the political complexion determined, no dominating influence can appear. The order has passed, but the new one is not yet established. Nor will it be established till after the Presidential election and popular sentiment has more fully expressed itself.

It is now in order for the insurgent editors to take back all the harsh things they have said about George Knight since he has enrolled himself under the Roosevelt banner and placed himself under the orders of Governor Johnson. One does not know whether to laugh or cry over Mr. Knight's flop.

The recall election will cost the taxpayers of Oakland from \$15,000 to \$20,000. The community will be put to this unnecessary expense by agitators who desire to take revenge on the city officials for enforcing the law prohibiting unlawful assemblages in the streets. If this attempt should be successful another recall election would immediately follow. The best way to stop needless expense and put a quietus on perpetual agitation will be to vote down the recall by such a decisive majority as to discourage similar attempts in the future. A victory for the recall in the present instance will be an invitation to repeat the experiment. Nothing will ever be settled. Public officials will be perpetually harassed by trouble-makers who stand ready to invoke the recall unless their prejudices are placated. Orderly and peace-loving citizens should vote down the recall as a measure of self-protection. If they do not, they will pay a heavy penalty in needless expense and confusion in the transaction of the public business.

In Chicago Roosevelt refused to sit at the banquet board with Lorimer, but immediately thereafter he went down to Cincinnati and sat at meat and in friendly intercourse with George B. Cox, who was indicted for political corruption and escaped on a technicality. Cox has even a more unsavory reputation than Lorimer. It is to be remembered that Roosevelt sent Taft into Ohio in 1906 to denounce Cox and his machine. But Hon. Nicholas Longworth, Roosevelt's son-in-law, gets his Congressional nomination from Cox, and when the Colonel went to Cincinnati in 1911, on his return from the West, he greeted Cox cordially at the Longworth mansion and dined with him in fraternal fellowship. At that time Cox was expected to join Dan Hanna in the revolt against Taft.

Here is another case where the return of health is due to Vinol, which has done so much good in restoring strength to people who have been weakened by the shock and loss of blood in surgical operations—and those who are weak from any cause. Mr. W. Smith of Toronto, Canada, says: "My wife having been in two hospitals and undergoing two operations in twelve months, I was recently persuaded by a neighbor to give her Vinol. I am more than thankful to say she obtained immediate relief in general, as previous to using Vinol she could not sleep at night or create an appetite in any pleasant manner, being continually in great pain."

If you are weak and rundown, have no appetite and cannot sleep, Vinol is just what you need and we guarantee it to do all we claim. You get your money back if it does not. The Owl Drug Co., Oakland, Cal.

LATEST NEWS FROM OUTSIDE TOWNS

RICHMOND-STEGE WAR IS AT END

John Nicholl Acts as Mediator; Railway to Build; Incorporation Dropped.

RICHMOND, May 8.—Through John H. Nicholl of this city, who had been asked by William Rust to attend the conference between the county supervisors, Manager Rhoads of the railway and the residents of the Stege district who have been opposing double trucking by the Oakland Traction and building out for incorporation instead of annexation, a final settlement was reached. The railway company will remove its trolley poles from the center of San Pablo and Potrero avenues and bring its rails up to whatever grade is desired by the residents of the district and the county will improve the west side of San Pablo avenue from the county line to Stege Junction with a grade of 100 feet to cost from \$50,000 to \$75,000.

GAMBLING TO STOP; SALOONS LIMITED

RICHMOND, May 8.—Orders issued by the City Council to the police department, which are being carried out today, are to prevent all illegal gambling in cigar stores and elsewhere. The saloon license ordinance was also amended by striking out the provision for granting licenses where a hotel or more rooms is constructed. No more licenses of any character will be granted by the council. The only way anyone can enter the saloon business in Richmond in future will be by buying out a business already licensed.

VALLEJO NOTES

VALLEJO, May 8.—Charles Kane, a former circus clown, was arrested by a patrolman while attending the Sells-Floto circus here Monday night and fell from his seat dead. Kane during the last two years has run away from a hostman. He was a nephew of Rev. Father Kane of Benito. Mrs. Helen Hoy Greeley, a New York lawyer and agent of the women's suffrage party of New York City, made an appeal for votes for Senator La Follette here yesterday. Frank Leonard, wanted in San Francisco to answer to a charge of burglary, was arrested here yesterday. Leonard admitted that he was wanted in San Francisco. He will be taken to San Francisco. Colonel W. S. Killingsworth of Vacaville has announced his entry in the race for assemblyman from this district, which includes Solano and Napa counties. The postal savings bank here expects in the matter of Fairfield and Suisun, to Berkeley, Stockton and Alameda, having actual deposits of \$16,168. Arrangements have been completed for a baseball game to be played next Sunday in this city with the Napa Club. This game has been hanging fire for the past three weeks, but an agreement was reached yesterday, because of differences over the grounds and divisions of the receipts. The Martinez baseball nine defeated the Sperry Flour team of Solano Valley Sunday at Martinez by a score of 6 to 5. Many of the local fans journeyed to the Contra Costa team to witness the diamond contest. Fred Green pitched a great game for the locals, but the luck was against him. The Imperial track team defeated the Benito team in a track meet held at the race track here Saturday afternoon by the close score of 6 to 5. The game was fought by Vallejo because of the arrangements now being made for the annual two-day festival in this city on that date. The county supervisors have applied to the County Supervisor for an appropriation to carry on the work.

KNOX UNABLE TO VISIT RICHMOND

Secretary of State Must Leave But Mayors Will Attend Celebration.

RICHMOND, May 8.—Mayor J. C. Owens received a telegram last evening from Secretary of State Philander C. Knox regretting that he will not be able to attend the big Ralph-Mott celebration in this city tomorrow as a guest of the city. Knox is in the morning. Mayors Ralph and Mott of San Francisco and Oakland, with supervisors, councilmen and other dignitaries will be prominently on hand when the special train leaves the Oakland mole at 1 p. m. tomorrow, and participants in what now promises to be the biggest celebration ever held in this city.

GATHERING RECRUITS FOR NEW ENGLANDERS

HAYWARD, May 8.—J. O. Clark, organizer for the New England Association of California, has been here getting in touch with citizens eligible for membership in the ranks of the organization. It is said about 10 prominent persons from this place will identify themselves with the association. Already plans are being made to celebrate Bunker Hill day, June 17. Every part of California is being canvassed for members. The idea originated at Berkeley.

BENEFIT MUSICAL FOR FRUITVALE CHURCH

FRUITVALE, May 8.—A benefit musical and literary entertainment will be given for the Fruitvale Presbyterian church at the home of Mrs. A. Edwards, 2087 Hopkins street, tomorrow night. Mr. and Mrs. Hilson, both active in the affairs of the church, have charge of the affair which from present indications will be largely attended. The Ladies' society of the Fruitvale Presbyterian church is also taking part in the arrangements.

RICHMOND NOTES

RICHMOND, May 8.—The Santa Fe company has decreed that the telephone company cannot use Ashland avenue, which traverses the Santa Fe land almost its entire length, for proposed improvement for the city to come as the railroad company is not yet ready to improve the avenue. County Supervisor C. J. Rinn is home from a visit to the trouble zone in Mexico, where he went to look after land interests. Under the auspices of the high school and the women's clubs Franklin Hitchcock will deliver a lecture here May 11. Mayor J. C. Owens attended the banquet at the Palace Hotel, San Francisco, last night, given in honor of Secretary Knox. C. F. Lindsay of Rust is soon to construct a modern three-story business block on lots owned by him on Macdonald street. Mrs. L. H. Schrader is entertaining this afternoon the ladies of the Presbyterian Aid society. During the month of April the police department recovered \$500 worth of stolen property and made sixty arrests. John Birmingham, expedition director of Contra Costa county, announces that he will be here next week to take motion pictures for the city to come as the railroad company is not yet ready to improve the avenue. Mrs. Edward McDuff, wife of Councilman McDuff, will leave tomorrow for New York, Ireland and England on a four months' visit to friends and relatives in the old country. A San Pablo chicken thief made so much noise about his job last night that he aroused several neighbors, who promptly fired several rounds of ammunition at him. He fled into the night and it is not known whether any of the shots took effect. Another baseball game between Red Men will be played here Sunday, between local and tribe and the lodge of Fruitvale. Mrs. H. N. Barney, wife of Dr. Barney, who met with an accident a few days ago by being run down and injured by a runaway team while she was sitting in an automobile, is much improved today and will recover. The ladies of the Degree of Poochomah will hold a big whist party tomorrow evening. John J. Burke, ex-postmaster and Justice of the peace at Concord, who committed suicide in San Francisco Tuesday, was the foster father of Charles Violette of this city and had many friends here. Violette is in San Francisco today on his way to the coast.

TIME LIMIT FOR BROADMOOR PHONE

Corporation Ordered to Give Desired Service in Sixty Days.

SAN LEANDRO, May 8.—The board of city trustees has given the Pacific States Telephone and Telegraph company 60 days in which to bring all subscribers in Broadmoor into San Leandro, thus eliminating the practice of charging extra for switches within the city limits. Broadmoor was annexed to San Leandro several years ago and the action of the telephone company in not considering the two places as separate communities caused the San Leandro Chamber of Commerce to take up the matter with the board of railroad commissioners. The company has intimated its willingness to take some action for relief. At the last meeting of the board the matter of placing all telephone and telegraph wires underground along the main business streets was also taken up and a meeting is to be held between representatives of the telephone company and members of the board when the most feasible plan for changing the present conditions will be discussed.

RICHMOND, May 8.—Mrs. Roundswell of Fruitvale addressed the members of the Young's West Side Improvement club here last evening. In the interests of the California Civic League, and it was decided to organize a center here at an early date. The club honored the president, Mrs. Elizabeth Cramer, by electing her a delegate to the biennial convention of women's clubs of the United States in San Francisco in June. Mrs. Millie Eaton, incoming president, was elected alternate. Mrs. Juliette McHenry was selected as delegate to the state convention of women's clubs. Paso Rubles and Mrs. Nellie W. Adams alternate.

SAN LEANDRO BOY RUNS AWAY TO SEA

SAN LEANDRO, May 8.—Silas Dismey, a 15-year-old boy residing at 322 Washington street, San Leandro, ran away from his home yesterday and is feared may attempt to ship as a cabin boy on some ocean going liner. His mother, Mrs. A. S. Dismey, reported to the San Francisco police last night to search for the lad. Leandro to make some purchases in Oakland and his failure to return has made his mother certain that he has run away. He is of medium height, weighs 100 pounds, fair complexion and light hair.

NAVY YARD NOTES

MARE ISLAND, May 8.—Letters from the gunboat Yorktown, calling for extensive repairs, were received yesterday. Orders have been issued for a board of survey to determine the value of the ship. It is probable that the repairs will not be authorized and the vessel knocked down. The ship is under the command of Captain C. A. Gove. Captain O. W. Koeser, Naval Constructor T. F. Tulin, Lieutenant Commander G. S. Lincoln, and Naval Constructor J. H. Gleason will probably constitute the board. The new lifeboats which are to be built at Mare Island for the gunboat Yorktown will accommodate fifty-five passengers. The yard boat shops will turn out twenty five of the boats during the next few weeks. With the arrival of the submarines E-1 and E-2 from the Union Iron Works this month the navy generators recently installed in the submarine tender Albert will be given their final test. The generators will be called upon to recharge batteries in both of the "divers." Naval Constructor R. D. Gatewood, outside superintendent of the hull department at Mare Island, has received his orders to report to the Norfolk station on the coast, where he will be in charge of the ship. It is expected that he will be ordered to the Norfolk station on the coast, where he will be in charge of the ship. Assistant Naval Constructor Paul H. Feilz, who recently arrived here from the east coast, will probably succeed Gatewood as shop superintendent of the hull division. Lieutenant Commander Clarence F. Kopp, former navigator of the Michigan, is expected to arrive before the end of the month to take the position of inspection officer. Thomas Maslin, hospital steward, charged with having stolen several surgical instruments from the naval hospital, was up before the court martial board. He pleaded not guilty. The collier Nero was released from the drydock yesterday and the work of loading her up with stores and provisions for her five months' cruise to Alaska will be commenced at once. All material for the wireless work to be done in the North Pole already been assembled at the yard. When the Nero sails on about May 15, she will act as a convoy to the Fox and Davis, which will leave her off Cape Flattery, as they are to go to Bremerton. The Nero will leave here for Unalakleet. The ship will also call at Cordova and the Pribilof Islands before her return to the coast. General Jack Mosby, the marine who deserted from Mare Island last year to join the Mexican Insurrectos, and who recently returned to the local naval station after being arrested as a deserter, is said to be suffering from tuberculosis. Mosby was shot in the left lung during the last revolution and for a time it was believed that he could not recover. He is to be court-martialed at Mare Island for desertion before the month is over. It is believed that he will be given a light sentence owing to his frail condition.

MARTINEZ NOTES

MARTINEZ, May 8.—E. J. Randall and Mr. and Mrs. A. E. Blum and Harold Blum have returned from their trip to Merced. C. W. Cutting and John Nicholl, of Richmond, were here Monday on business. PERSONAL NOTE—
“I regard this as one of the most forceful and most reasonable tire arguments I have ever read, and I believe motorists generally will agree with me.—J. D. ANDERSON.”

If you own an auto by all means read this tire ad.

Tire prices do not determine tire values. But actual tire value is the only thing that can determine actual tire cost. First costs may be alluring (and they will influence a certain number of buyers) but experienced motorists know that last costs are the real costs, and that it is far safer to buy the greatest possible tire value than to take advantage of the lowest possible first cost. The motorist who does not buy his tires on the service-cost basis is buying on the wrong basis—and his tire bills are the best proof of it.

United States Tires lay no claim to being the cheapest tires to buy. They are not. Several other makes may claim this distinction, but the manufacturers of United States Tires believe that a rapidly increasing number of tire buyers will elect to pay a trifle more for tires made as only these tires are made rather than pay a trifle less for tires made by the single-factory, single-value method. It would be easily possible to build United States Tires by the customary method—the method formerly employed (a year and a half ago), in building the individual brands of United States Tires. These individual brands—made as well as it was possible to make them with but one factory's experience and facilities to draw upon—easily competed in service-quality with any other tires in the world made in the same way. That was under the single-factory method of building—the method still employed by the manufacturers of every other tire made except United States Tires. Today United States Tires stand absolutely alone in the matter of combined skill in manufacturing. They combine in one tire the strongest features of four world-famous brands, and are as near tire-perfect in strength, size and general design as four immense factory organizations, working as a unit, can make them. In buying four-factory-tested United States Tires you are protecting yourself against excessive end-of-the-season tire bills as only tires of four-fold strength can protect you.

Wash your clothes with GOLD DUST

Good soap washes clothes well—if you use enough elbow grease; but Gold Dust washes them more thoroughly—and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water, and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

Just try Gold Dust next wash-day, and see how much time you save.

Do not use borax, soap, naphtha, soda, ammonia, or any other harsh material with GOLD DUST. GOLD DUST has all the delicate cleansing qualities of a perfectly harmless and lasting form.

'DEAD' MAN PROVES HE'S MUCH ALIVE

Appears in Court as Supposed Widow Defends Action for Annulment.

PATERSON, N. J., May 8.—For ten years believed to be dead, Ralph Mowerson of Syracuse, N. Y., has succeeded in persuading the court of chancery here that he is really alive. His appearance in court just as his supposed widow was testifying that he died in the West in 1902 was dramatic. The woman was in court to defend an action for annulment brought by J. L. Schwartz, whom she married some years after the supposed death of her first husband. While she was testifying of the receipt of letters announcing Mowerson's death, the lawyer for Schwartz brought Mowerson into the room.

"Do you know this man?" the attorney asked.

Mrs. Schwartz gasped and whispered, "Yes, he is my husband."

Mowerson explained that he had tired of married life, and had gone to Phillipsburg, Mont. He could not explain, however, the erroneous reports of his death which were sent to his wife.

ROCKEFELLER CANDIDATE BEATEN BY ONE VOTE

TARRYTOWN, N. Y., May 8.—Irving C. Boyant, a farmer at Pleasant Hills, put one over on his neighbor, John D. Rockefeller, last night when he cast out Mrs. David M. Rockefeller, John D.'s candidate for school trustee, by one vote.

No one suspected that there would be any opposition at the polls, and consequently the Rockefeller tenants were caught asleep. Mrs. Milton is a wealthy woman and has been a member of the board for several years. The farmers say that she introduced a lot of tricks and that the taxes jumped from \$300 to \$600, and, while Rockefeller could stand the strain, they could not and they were going to show John D. a few tricks.

CATARRH

THE ENEMY OF MANKIND

Sprays, Douches, Ointments, Snuffs and Stomach Dosing Have All Failed to Cure It.

Catarrh is a vile and disgusting disease because its revolting symptoms cannot be hidden.

Many people despair of ever getting rid of catarrh, but if they will go about it in earnest they can stop the discharge in a few days, banish snuffles, hawking and spitting.

To end the misery of catarrh, breathe HYOMEL. Get a complete outfit today and see how quickly catarrh can be conquered with the soothing, healing antiseptic air of the Eucalyptus forests of Australia.

A HYOMEL outfit (bottle of HYOMEL and hard rubber inhaler) costs \$1.00. Pour a few drops into the inhaler and breathe it; that's all you have to do. Breathe it five or six times a day and watch the symptoms of catarrh disappear one by one. HYOMEL is a tried and true remedy for catarrh, coughs, colds, croup and catarrhal deafness. IN HIS NAME' WORK OF BUILDING INCURABLES' HOME WILL BEGIN

THE PROPOSED NEW HOME FOR INCURABLES, DESIGNED BY JULIA MORGAN FOR THE KING'S DAUGHTERS, THE CORNERSTONE OF WHICH WILL BE LAID SUNDAY AFTERNOON.

As a brave beginning in the face of many obstacles, the directors of the King's Daughters' Home for Incurables will next Sunday afternoon lay the cornerstone of the new building for which only a little more than half the necessary funds have so far been raised.

The excavation is about completed and the ceremony of laying the cornerstone will take place at 3:30 o'clock at 3900 Broadway. The work has been begun at this time to show contributors to the fund that their money is being put to the use for which it was given. The directors hope to complete the building according to the original plan as soon as the necessary funds can be secured. That the new building is badly needed

is evidenced by the fact that the average number of patients who are now receiving the benefits of the institution is seventy-five and present accommodations are entirely inadequate, preventing the great work from being extended to other deserving unfortunates.

The King's Daughters' Home was organized August 7, 1897, with an endowment of only \$500. Since then its growth has been remarkable.

DESIRABLE LOCATION.
The location of the new building is ideal, being in the heart of Greater Oakland and yet on an eminence that makes it especially desirable for a sanatorium. Miss Julia Morgan is the architect. She is a graduate of the University of California and a resident of this city.

Following is the list of officers and directors of the institution who are seeking to raise funds for the completion of their work:

Mrs. Matilda Brown, president; Mrs. C. C. Clay, first vice-president; Mrs. A. F. Hill, second vice-president; Mrs. H. F. Whitman, recording secretary; Mrs. Adam Gilliland, financial secretary; Miss M. E. Raymond, treasurer; Mrs. G. A. Willard, custodian of the fund; Mrs. I. M. Van Slyke, corresponding secretary; Mrs. C. B. Morgan, Mrs. H. M. Tenney, Mrs. E. E. Lester.

Advisory Committee—James A. Johnson, John H. Stevens, Charles E. Cornell, John Fearn, M. D., A. S. Kelly, M. D.

PINCHOT DEFENDS POLITICAL FLOP

Declares La Follette Left No Alternative to Former Friends.

PETALUMA, May 8.—Gifford Pinchot, formerly Chief of the United States Forestry service under Theodore Roosevelt, spoke to an attentive audience last night on the issues and origins of the present campaign. Nearly half his audience was composed of women, and to them he devoted the most earnest periods of his address, which in large part was lessons taught by Eastern primary elections.

Pinchot described a meeting held in Washington last December by the men who acted as a campaign committee for Senator La Follette. At that meeting, he said, the possibility of Colonel Roosevelt becoming a candidate was discussed, and Senator La Follette proposed that he should write to the Colonel, suggesting that one or the other withdraw. Senator La Follette offered, said Pinchot, to throw his strength to Roosevelt if the Colonel would permit the use of his name as a candidate.

"Senator La Follette's own proposal to withdraw in favor of Colonel Roosevelt," said Pinchot, "destroys every argument of the Senator now makes against him." A plan to hold subsequent conferences with the object of preventing a split in the progressive ranks was approved by Colonel Roosevelt, but according to Pinchot, Senator La Follette, "to the general regret of his friends, changed his mind and decided not to enter the fight."

"When Senator La Follette abandoned the two objects for which his candidacy was launched," said the speaker, "namely, to keep the progressives together and to prevent the nomination of a reactionary, he forced his friends to choose between himself and the principles for which they had entered the fight."

Pinchot said the talk of a compromise candidate could not be taken seriously. "Roosevelt is winning," he declared, "and therefore does not need to compromise. Even if that were not true, La Follette's attacks on Roosevelt are the clearest proofs that Roosevelt's friends would never accept La Follette."

FOREST FIRE FIGHTERS TO HAVE MOTORCYCLES

FRESNO, May 8.—P. G. Reddington, supervisor of the Sierra forest, with headquarters in this county, has started a movement to have his district supplied with motorcycles for the purpose of guard against fires. He proposes that five motorcycles be purchased for the district, and is sure that with them his men can cover much more ground and more effectively guard against conflagration than at present. The matter has been presented to officials at Washington.

RAISE FRANCHISE TAX OF PACIFIC GAS CO.

SACRAMENTO, Cal., May 8.—The Pacific Gas and Electric Company has shown such a large increase in business over last year that the State Board of Equalization has assessed its corporation franchise tax at \$27,000 more than was paid by the company last year, according to an announcement made by the board.

Nearly all of the power companies in the State were assessed by the board, and a large number of increases in assessments made.

APPEALS COURT NEW M. E. PLAN

Conference Expected to Say Today Whether Move Shall Be Taken.

MINNEAPOLIS, May 8.—Whether there shall be formed another body of the Methodist Episcopal church, to be known as the court of appeals, is to be decided late today.

Practically the entire session of the general conference in session here was given over to a discussion of the report of the commission on judicial procedure, which was appointed four years ago. The question of the establishment of such an organization has been before the general conferences of the church practically for a century.

The commission in its report to the conference read today, recommended the establishment of such a body, with power to hear and determine all appeals. As planned the court is to consist of three bishops, six ministers and six laymen, chosen by the general conference. The general conference now has the power to pass on all business.

TOMB OF U. S. GRANT REPORTED IN PERIL

NEW YORK, May 8.—Grave fears were felt that the half million dollar tomb of General U. S. Grant on Riverside drive is being undermined. The frequent cracking of the pavement around the tomb, the breaking off of parts of the steps and coping and the noticeable settling of the tomb may be, Park Commissioner Stover thinks, the result of undermining by bad drainage. The chief engineer of the park department and the architect of the tomb will make an investigation at once.

Pay \$9.00 per Year for the smartest Shoe Styles

GIVEN the required degree of Style, Fit and Finish it is, after all, Wear—length of Wear—that actually determines Shoe Value.

Shoe Style and Finish are today easy enough to find.

But, because of heavy advances in Leather, etc.—this combination, plus a fixed, known, and deliverable period of Long-Wear has grown rare enough to be interesting.

We foresaw that condition,—coming. So, we invited Chemistry to aid us in toughening, and lengthening the life of, animal fibre.

We sought a means to check the disintegrating action of Oxygen in the Air, upon Leather.

The result amounts to almost a Revolution in Shoe Values.

We do not ask you to take anything "for granted," concerning this. Instead, we now offer you a

strong Indemnity Bond with every pair of our new 1912 range of "Six-Month" Regal Shoes (at \$4.50).

That Bond secures to you (beyond question or equivocation) a fixed term of continuous Shoe-Wear, which term is just about double that of the average fine shoe sold at \$4.00 to \$5.00.

It secures to you (in binding legal form) some of the Smartest and Latest Shoe Styles in America, at a cost of only 75 cents per Month—or \$9.00 per year—for Shoe Service.

As the average fine shoe wears through Outsole, or breaks through Upper, after 3 Months continuous wear that fact means \$16.00 per year for average "\$4.00 Shoe" Wear.

Contrast that cost, per year, with the \$9.00 per year cost of continuous Wear pledged specifically to you, under legal Bond, in the new 1912 range of Regal "Six-Month" Shoes.

NEW HONOR SOCIETY FORMED AT STANFORD

STANFORD UNIVERSITY, May 8.—For the purpose of fostering a careful professional study of the law, and to mark in a fitting manner law students who attain a high grade of scholarship, a local chapter of the honor society, the Order of the Coif, has been established. But four charter members represent the Stanford branch of this organization of American law schools. They are C. C. Shoemaker, R. M. Perkins, A. F. Patterson, all of whom are members of the law class of the Stanford law school. The chapter was installed by Professor F. C. Woodward, who was already a member of the organization. At the end of the ceremony, Professor A. M. Cathcart, J. W. Bingham and C. A. Huston of the law department were added as honorary members.

TEST FOR IMMIGRANTS PROTESTED BY CARDINAL

BALTIMORE, May 8.—A letter from Cardinal Gibbons expressing opposition to any educational test as applied to immigrants desiring to enter the United States, was read at a mass meeting last night to protest against the passage of immigration bills in congress providing such a test.

O'CONNORS AGAIN TO 'RULE' OVER IRELAND

NEW YORK, May 8.—The O'Connors are to be kings in Ireland once more. Every student of Irish history knows that Roderick O'Connor was the last King of Ireland and Prince of Breffney, but future historians must record that it remained for Michael J. O'Connor, a Broadway liquor dealer, to restore the clan to the regal grandeur which is theirs by right.

The new O'Connor dynasty is to be established on the banks of the River Shannon, where King Roderick O'Connor took his last stand and fought with his clan at his side. There it was, too, that Tom Moore sang "The Valley Lay Smiling Before Me."

The bid estate of Prince Roderick, long since fallen into unfriendly hands, has been purchased by Michael O'Connor, who recaptured the family fortune through the medium of two liquor stores on Broadway. The new Prince of Breffney has just returned from Ireland and announced his purchase and the restoration of the O'Connor dynasty.

NOMINATIONS THRUST UPON PEOPLE OF AIX

PARIS, May 8.—The name of economic electioneering methods seem to have been reached at Aix les Bains, an Alpine town so favored by J. Pierpont Morgan. It was at Aix that Morgan recently laid the foundation stone for a new wing of the hospital, and was much amused when a concealed orchestra played "Yankee Doodle" and "The Star Spangled Banner" during the ceremony.

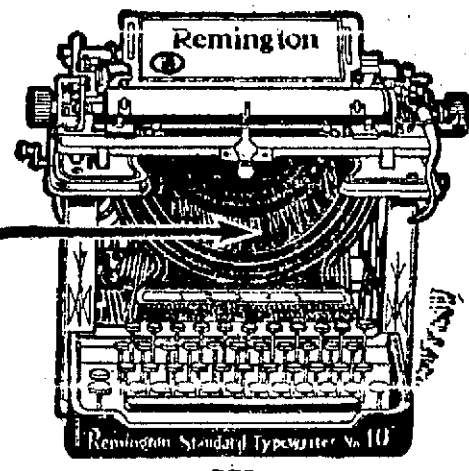

Some of the citizens are candidates for the coming election in spite of themselves. The mayor, who often has welcomed Morgan, recently left Aix, stating emphatically that he would not serve again.

Nevertheless, his friends are campaigning for him and have plastered the town with posters, setting forth his virtues and claiming that he enjoys the friendship of Morgan, "the greatest benefactor of Aix."

Visible Writers AND MORE

These new Remington Models supply visible writing under new conditions—without loss of efficiency.

To realize what this means—the combination of Remington strength with visible writing—note the type bars. Note them specially. See how they are hung in a double row. This gives room for the broad pivot bearings. Note the bar itself, the strong, rigid bar, the Remington bar you have always known, made from a steel drop forging. Compare this bar with the ordinary thin bar, stamped out of sheet steel, and you will understand one reason why the name "Remington" stands for strength and reliability in a typewriter.

MISS CLEO POSEY presided over a smart 4 o'clock tea today, claiming Miss Myra Hall and Miss Elizabeth Orlick as her guests of honor. Miss Orlick leaves for Europe on this Friday, while Miss Hall goes east on June 1. Sixty of the younger matrons and girls of the local smart set called at the Posey family home, which was adorned in pink roses and bouquets of sweet peas, and were sitting for the charming spring costumes worn by the guests.

Assisting in the receiving line were the following well known folk: Mrs. Frederick Parsons, Mrs. Jack Van Sledright, Mrs. Emilio Stout, Mrs. A. C. Foster, Miss Madeline Clay, Miss Marie McHenry, Miss Lella Kenney, Miss Grace Downey, Miss Lilla Marshall, Miss Dorothy Taylor, Miss Irene Farrell, Miss Marjory Cogan.

FASHIONABLE WEDDING TONIGHT. Fashionable society from the bay cities will gather in St. Mark's Episcopal church in Berkeley tonight to witness the wedding of Miss Rowena Wilson and Theodore Benedict Lyman. This wedding is of much social importance, both young people being well known. Lyman is a graduate of the state university and Miss Wilson is a graduate of Miss Head's private school in Berkeley, in which city both have hosts of friends.

The wedding appointments will be unusually beautiful. Rev. Edward Lamb Parsons, rector of the church, will be the officiating clergyman, and a reception after the ceremony will be held at the bride's home, to which a large number of friends have been bidden. The maid of honor, Miss Joy Wilson, and the six bridesmaids will be dressed in pink satin covered with shadow lace, and will carry shower bouquets of pink sweet peas. The bridesmaids will be Miss Ethel Wampler, Miss Mildred Gibbons, Miss Marie Bohland, Miss Esther Merrill, Miss Alice Craig and Miss Alice Palma.

Mrs. C. J. Simpson will be the best man and James Towne, David White, Herbert Cecil, Frederick Thomas, Frank Andrews and George Buckingham will act as ushers.

ENGAGEMENT MADE KNOWN. On last Saturday afternoon at the home of Mrs. Albert L. Bartlett in Claremont an informal reception took place. The occasion being the announcement of the engagement of their youngest daughter, Alice J. Bartlett, to Robert Raymond Haas of Berkeley. More than sixty friends were bidden from both sides of the bay. The home was a scene of spring blossoms and the guests were received by two little tots carrying May baskets, in which were the dainty betrothal cards bearing the news.

Miss Hazel Arthur of San Jose, Miss Rebecca Davis and Miss Helen Chas. Berkeley assisted in receiving. Miss Bartlett is a former Santa Cruz girl, the family residing for many years on the Laurel Grove estate. She is a granddaughter of the late Dr. W. C. Bartlett of Oakland, and a member of the Sigma Chi fraternity. He is now connected with the Elgin G. Arnold Company of San Francisco. No definite date has yet been set for the wedding.

TO MEET THIS WEEK. The Oakland chapter of the United Daughters of the Confederacy will meet Friday afternoon, May 10, at the home of Mrs. J. C. Foster, 1122 Magnolia street.

AT BRIDGE TABLES. An enjoyable afternoon was given by Mrs. Chester Rietman today when she entertained thirty guests at the card tables, bridge being the favored game. The motif for the affair was Miss Katherine Bennington, fiancée of Linton Fulton.

CARD PARTY. Mrs. John F. Campbell of Berkeley presided over an informal card party yesterday, entertaining the members of a club and a few additional friends. Prizes were awarded to Mrs. James Stephens, Mrs. George Anderson and Mrs. Agnes Lindsay.

A duty tea was served to Mrs. Arthur Bristol, Mrs. James Stephens, Miss Elizabeth Macrae, Mrs. Charles Armstrong, Mrs. Agnes Lindsay, Mrs. George Arnold, Mrs. Will Stanton, Mrs. Melville Mann, Mrs. Will Hames, Mrs. Jack Parkman, Mrs. Vernon Harris, Mrs. Irving Fish.

Miss Walthman returned recently from England, where she spent a year with her father's relatives by whom she was entertained extensively. The wedding of the couple will take place next month and their home will be in San Francisco.

QUICK HOME WEDDING. Miss Augusta Melman, daughter of the late Heinrich Melman, and Mrs. Melman, was quietly married last evening to Robert Louis Walthman of San Francisco. The ceremony was performed by the officiating clergyman, and only relatives and a few intimate friends witnessed the ceremony. After a honeymoon trip the couple will reside in this city.

RETURN FROM HONEYMOON. Mr. and Mrs. Girard Richardson, who returned from their wedding trip, are staying at the Piedmont home of the J. B. Richardson.

ALAMEDA GIRL ENGAGED. Miss Irene Stevens, daughter of Mr. Mary Stevens, has announced her betrothal to Alexander Murray of Alameda. The Stevens family is a pioneer one of Alameda. The wedding will be in the late summer.

LUNCHEON AND CLUB JINKS. The annual luncheon and jinks of the Oakland Alameda came off yesterday at the home of Mrs. E. D. Rue. Following the luncheon the program depicted a Utopian scheme of government, of which Mrs. I. N. Chapman represented the mayor.

Other city official roles were taken by the following club women, who outlined their idea for ideal city government: Mrs. Charles Allard, president of the city council; Mrs. J. Harry Powell, president of the city council; Mrs. P. B. Reynolds, health officer; Mrs. George P. Reynolds, library trustee; Mrs. Frank Otis, city attorney; Mrs. J. D. Jamison, chief of police; Mrs. Charles Bradford, postmistress; Mrs. Agnes Hill, city treasurer; Mrs. E. W. Mason, city clerk; Mrs. P. W. Barton, food inspector; Mrs. J. H. Suydam, fire chief; Mrs. S. CARDS TOMORROW. Tomorrow evening in a local hotel Mrs. Ellen Dibble will be hostess at a card party for the benefit of the tag day fund for the West Oakland Home.

EBELL CLUB MEETS. Ebell Club held its first business meeting yesterday under the auspices of the new board of directors. Delegates to the state convention to be held at Paso Robles May 22, 23 and 24, were elected. The delegates and alternates are: Delegates, Mrs. John Bakewell, Mrs. A. H. Glasscock, Mrs. L. F. Crockett, Mrs. J. M. Shannon, Mrs. B. W. Kinnip, alternates, Mrs. S. C. Portland, Mrs. I. N. Miller, Mrs. P. W. Ward, Mrs. Dana Harmon, Mrs. M. D. Hatley, Miss Eva Powell.

ENJOYABLE AFTERNOON. Miss Madeline Clay presided over a prettily appointed luncheon yesterday for Mrs. Jack Van Sledright (Mrs. Harold). Among the well known girls bidden were Miss Herbert Stone, Miss Gladys Wilson, Miss Emily Harold, Miss Marie McHenry and Mrs. Frederick Farnum.

Another hostess of yesterday was Mrs. Elizabeth and Miss Effie Smith, who entertained at bridge and tea.

SERIES OF BRIDGE PARTIES. Mrs. Frederick M. Butler entertained at her Linda Vista residence yesterday at the first of a series of bridge parties. Mrs. Arthur Gorrell was the guest of honor.

Today Mrs. Butler was a hostess again, at the card tables, when Miss Edith Kelley, fiancée of John Garthwaite, was made the inspiration for the affair.

TO DEPART SHORTLY. Miss Edna Siegfried and Miss Alexine Mitchell leave shortly for Honolulu, where they will join Mrs. Charles Tilden and her daughter, and Miss Margaret Carpenter.

Mrs. George W. Cope and Miss Vera Cope leave on May 20 for Brookdale. They will spend a couple of months at their country place.

RETURN FROM EAST. Mr. and Mrs. F. M. Avery have returned from a trip in the East, where they visited in New York, Philadelphia and Washington.

OAKLANDERS DEPART. Senator Frank W. Leavitt and Mrs. Leavitt have left for Europe.

CLUB BREAKFAST. The Twentieth Century Club's annual breakfast yesterday was a successful affair. Covers were laid for about 150 in the assembly hall and decorations of sweet peas and ferns lent a festive aspect to the scene. The program was made up of the social and literary news of the city, and Mrs. T. B. Riskey presided as toastmistress and Mrs. Arthur Cole acted as hostess of the hour. Among those who responded cleverly to the toasts were: Mrs. Stephen Kleffer, president; Mrs. Margaret D. Jones, vice president; Mrs. Annie Little, "Visions of California Women"; Mrs. J. Diggs, "A California Welcome to the Biennial"; Mrs. Rosemary Dobbins, "A Toast to Sweet Peas"; Mrs. Frederick E. Crowell, "My Club Friend."

An entertaining feature of the day was the delightful singing by Mrs. W. H. Wastern, who was accompanied by Rose Berry. The breakfast was attended by members only and marked the last in a series of club events for the season. The annual picnic of the club will be held May 21 at Mosswood Park.

TO BE JUNE BRIDE. Miss Valma Hardy has set her wedding day with Ben Maudsley of Los Angeles for June 12 at the family home in East Oakland. Miss Edith Benedict of Los Angeles will attend Miss Hardy as maid of honor and Mrs. Willard Cooke Mills, Jr., will be matron of honor. Trison Harris will be groomsmen and Mrs. Hardy will have as bridesmaids Miss Maudsley and Miss Hardy. The announcement of her engagement Miss Hardy has been entertained extensively by her young friends, and there will be a number of other affairs in her honor. On Saturday afternoon, June 1, Miss Hardy will be the guest of honor at a large party at the home of the bride-elect. Mrs. Herbert Scott is planning a theater party for Miss Hardy later in the month.

WOMEN IN THE NEWS
WIDOW AND FORMER
WIFE OF ASTOR
TO FIGHT FOR
PRESTIGE?

Rumor Says Divorcee Will Live in America That She May Be Near Son.

NEW YORK, May 8.—Mrs. Anna Willing Astor, the mother of Vincent Astor, America's richest resident land owner, will return to her English home very shortly.

Within a brief time she will close her residence abroad and return to the United States. There are two reasons given.

Primarily, Mrs. Astor desires to reside with her son, whom she loves deeply. The young multi-millionaire fully reciprocates this affection. It is said that he has urged his mother to take this course.

Secondarily, the former wife of the late Colonel John Jacob Astor desires to return to her own country as the recognized social head of the Astor family. To use her own words, as "Mrs. John Astor."

The present period of mourning does not permit intimate friends of either Mrs. John Astor or the young widowed bride, Mrs. Madeline Force-Astor, to discuss their probable future rivalry for social prestige. But it is conceded that the coming of the two who have been personal friends of William Vincent Astor will be socially recognized as "the" Mrs. Astor.

A close friend of the young millionaire said today that he had no intention of marrying in the immediate future and that he is not now engaged to marry any girl.

The future plans of Mrs. Madeline Force-Astor are unknown. She has been at the tomb of her husband daily since the burial and seems too broken down with grief and sorrow to be able to approach motherhood to take notice of matters concerning her future social prospects. The heir to come, for which the late Colonel Astor provided a trust fund of \$3,000,000, is not expected before the early fall.

In receiving the great town house at 840 Fifth avenue, Mrs. Madeline Force-Astor has fallen heir to an expensive institution. The maintenance of this place is said to have ranged from \$55,000 to \$58,000 annually.

With the vast Astor fortune at her command as the wife of Colonel John Jacob Astor, the beautiful young bride could easily maintain such an establishment, but now she must depend on the generosity of the beautiful home will not prove a "white elephant" on a limited income.

Hold Up Letters. NEWPORT, R. I., May 8.—"My Own Dick: Why don't you write or let me know how you are? I am crazy for a look at you and one little kiss."

This is a sample of the messages sent by wireless that hold up government dispatches. This particular one was sent by a Fall River girl to her sailor sweetheart on the Montana in Newport harbor.

The Montana is now under the command of Captain Marsh of the Montana, and others, waited.

A "confidential" message from "Becky" to "Harry" on board the North Dakota was somewhat alarming. It read: "Look out for Jack next trip. He says he will knock your block off if he catches you here again. Will write."

May Wed Actress. NEW YORK, May 8.—Miss Ethel Kelley, the actress, last night refused to either deny or affirm a persistent rumor that she is soon to become a bride. Adolphe Menjou, who is said to be in love with her, is said to be waiting for her to make a move.

Leavitt have left for Canada and the Leavitts, where they plan to spend two months.

F. F. Morse and Miss Marjorie and Miss Carrie Morse sailed a few days ago for Europe.

DUTY OF WOMEN
By LILLIAN RUSSELL

(Copyright, 1912, Lillian Russell.)

VICTOR HUGO is quoted as saying that "the first duty of woman is to look pleasant." What an important duty women owe the world, to look pleasant through adversity or sorrow, pain and responsibility! A clever author writes that woman's duty is to inspire and guide and yet the same author says that he hates the woman physician, the scientific woman, the woman lawyer, the woman member of a school board; in fact, Max O'Rell has written a whole book on the praise of feminine beauty and declares that he hates women who do anything but look pretty. To quote his own phraseology: "How I love the pretty woman who dresses well, smiles pleasantly, parts her hair in the middle, and has never done anything in her life." But Max O'Rell is no more; he is as far away in the past as are his theories. The woman of today is obliged to be somebody and something besides a pretty ornament. Men say, just to be complimentary, "Woman's lightest word is law." And yet they are ashamed to admit that they are influenced or guided by a suggestion from their wives in any business matter. Many women are growing in intellect, while the majority of men are not.

Max O'Rell was not a very clever man. He had a quick Irish wit and could argue as charmingly and insincerely on one side of a subject as on another, but when met by a really cultured woman whose brilliancy was inspired by the sincere, deep-rooted, well-bred refinement of respect for her sex he was like a street sparrow trying to argue with the dignified stork. A few years ago brainy women frightened men. They didn't understand them and would keep away from them and their advanced thoughts and ideas. Beauty of face and figure was a woman's only asset. My mother was a beautiful woman and extremely brilliant. Her ideas and convictions were hardly listened to, but were she living in the present day she would be a leader in the woman's progress movement. She worked side by side with Susan B. Anthony and Elizabeth Cady Stanton and all of the other equal rights women of twenty years ago. Such great women who had the courage to express freely what inspired them were few twenty years ago. Today things are different. Women are not only expressing what they think, but doing it also.

Beauty is a broad word and covers more than facial perfection. Brains, heart and soul are included in it and are not the smallest parts of it. A pretty face is not beautiful unless there is something behind it, "that light from behind or within," as Emerson says, the light of intelligence. In these days of enlightenment there is no excuse for ignorance and there is no excuse for slander or intemperance. Remember, we can reflect just what we know and feel, even inaudibly.

Answers to Queries

ANNA.—I shall be happy to send you the formula for green soap treatment, cold cream and a bleach for freckles if you will send me a stamped addressed envelope.

MARGUERITE.—When the ends of the hair are split it will not grow. I would advise you to cut the ends of your hair as far as the split ends go. Also massage your scalp about 10 minutes each night. This is excellent for the hair and is necessary to keep the scalp and hair in a healthy condition. If you care for a tonic I shall be glad to send you the formula for an excellent one, in which I have perfect faith, and also complete instructions for scalp massage.

SHORTY.—You are not so short. I am afraid I cannot give you anything to make you taller. You are still young and have time to grow. If you will send me a stamped addressed envelope I shall be glad to send you a bleach for freckles.

HAROLD.—Take plenty of exercise, by all means. This is the cause of your dark complexion. A certain amount of exercise should be taken each day. Take a long walk and get plenty of fresh air. This may also be the cause for the hair on your face growing so fast. Every other night apply two-thirds peroxide and one-third ammonia to your face. This will gradually stop the growth. There are several proprietary articles on the market, but I would advise you to be sure you know what you are

M. D.—Use the buttermilk just as you would water, using the hands instead of a wash cloth. Apply a couple of times a day and at night before retiring. Allow it to dry on. Cloths wet in hot witchhazel are good for the face and will reduce the pores naturally. Send me a self-addressed envelope and I shall be glad to send you the formula of an astringent lotion. Use this lotion once a day. A tablespoonful of olive oil is good for getting flesh, and if you can take a tablespoonful after each meal.

M. J.—There is little that can be done to change the shape of the nose. However, if you will gently pinch the tip of your nose between the fingers it may gradually get more pointed.

C. F. J.—The saying in pulling one's hair out is a wash cloth. You are young and have time to grow. If you will send me a stamped addressed envelope I shall be glad to send you a bleach for freckles.

CONSTANT READER.—Blushing is caused from self-consciousness. Try to get interested in people about you. In this way you will forget yourself and overcome the habit of blushing. If you feel yourself blushing say something or do something for someone else. This is the only way you can ever overcome the habit.

Scheneck Case Off

WHEELING, W. Va., May 8.—The second trial of Mrs. Laura Farnsworth Scheneck, charged with administering poison to her husband, John O. Scheneck, the pork packer, which was set for trial at the May term of court, has been continued to the September term on request of the state.

Affidavits were submitted to the effect that it would be impossible to get the two poison experts from Johns Hopkins University and the University of Virginia, and Dan Phillips, the star witness, for the May term, and Judge Harvey allowed the postponement to the September term.

Opinion is growing that the state will not put Mrs. Scheneck on trial until it is supposed delays are for the purpose of disposing of the divorce suit pending against Mrs. Scheneck.

Women Vote 'Dry'

VISALIA, May 8.—By a vote of 901 to 668 Visalia voted dry again yesterday.

Milady's Toilet Table

By Mme. D'AMILLE.

A simple home treatment that makes the hair long, wavy and lustrous is to apply a mixture of one part of each of the following to the hair: one part of olive oil, one part of castor oil, one part of almond oil, one part of rose oil, one part of lavender oil, one part of bergamot oil, one part of lemon oil, one part of orange oil, one part of ylang-ylang oil, one part of neroli oil, one part of patchouli oil, one part of sandalwood oil, one part of vetiver oil, one part of cedar oil, one part of cypress oil, one part of fir oil, one part of pine oil, one part of spruce oil, one part of hemlock oil, one part of fir oil, one part of pine oil, one part of spruce oil, one part of hemlock oil.

A lovely, soft and youthful complexion will be yours if you use a solution made by dissolving an original package of Max's eight ounces of each hazel, gently rub over the face, neck and arms night and morning, and the skin will be clear, smooth, fair and pliant.

Any woman can easily and quickly remove wild hairs from face or forearms. Just use enough Max's hair cream to cover the face, apply and after two or three minutes rub off, wash the skin and the hairs will be gone.

MISSIONARY SOCIETY TO ENTERTAIN MEN

The Woman's Missionary Society of the Union Street Presbyterian church will entertain the men of the congregation this evening. Mrs. Hicks of India, an interesting speaker, will deliver an address and the Y. W. C. A. Glee Club will render several selections. A social hour will follow the program.

OAKLAND'S BOYS AND GIRLS

EIGHT SCHOOLS TO ENTER FIGHT FOR CUP

Eight schools will be eligible to enter the basketball league, which was organized by C. L. Weaver of the Bushrod Park playground, and W. H. DeLeon, who has offered a cup to the school to win the largest number of games. The institutions that are entitled to enroll are Lafayette, Lincoln, Lincoln, Lincoln, Lincoln, Lincoln, Lincoln, Lincoln.

The Lincoln school team played its first game for the cup Friday with the Lafayette boys to Bushrod Park and the score favored the Lincolns by a score of 8 to 7. The batteries for the winning team were Clyde Lawrence, captain, and Leon Woolsey.

The line up follows: Charles Pingatore, second base; Leon Woolsey, catcher; Joseph Arena, shortstop; Clyde Lawrence, pitcher; Wilbur Henderson, left field; Ray Bennett, first base; Arthur Tolleran, second base; Herm Walther, center field; Joseph Billington, right field; Clifford Gilbert is the assistant coach of the team.

PRAISED FOR HER WORK AT PIANO

DOROTHY POTTER.—Dorsey Photo.

Encouraged by compliments bestowed upon her by her playmates and musical critics Dorothy Potter, daughter of Mr. and Mrs. J. P. Potter, will continue her studies in the piano. She is winning a place among the juvenile musicians of Alameda county. This season she responded to a number of invitations to play at the home of her friends.

The youthful artist is making a study of technique and composition. Often Dorothy has contributed musical selections at entertainments given in the Grand Hotel where she is receiving her education.

SCHOOLS OF STATE TO CELEBRATE PEACE DAY

May 17 is to be "Peace Day" and the schools throughout the state have been asked to arrange exercises at which readings and recitations dealing peace and approving war will be heard. State Superintendent of Instruction Fred H. Borchert will send out circular letters to county and city superintendents calling for the observance of the day. The program of the day will be as follows: The setting aside of one day when the peace idea shall be generally promulgated originally was suggested by the Southern American Peace Society, a branch of the American Peace Society. The California organization will send appropriate selections to any teachers who inquire for them.

FRANKLIN GRAMMAR PLAYERS CHAMPIONS

By defeating the basketball team of the Berkeley Intermediate High School of Berkeley the boys' squad of the Franklin grammar school claimed the championship of the Oakland public schools. Throughout the season the Berkeley youth played fast games with the local performers, who have shown their skill as athletes.

DOGS WITHOUT MUZZLES TO BE KILLED

Mayor Mott Declares Ordinance Must Be Enforced in This City.

Four Berkeley Persons Are Victims of Mad Canine; Physician Warns.

"You'll probably have to wait until three or four people die before you can enforce this dog muzzling ordinance," declared Dr. E. N. Ewer before the city council this morning in urging that the ordinance be righteously enforced. Dr. Ewer pointed out that three people have been bitten by dogs with rabies, and that these three children are now threatened with a horrible death from hydrophobia.

Informal authorization was given by the council to Commissioner of Public Health and Safety Fred C. Turner to have medical aid in the form of the Pasteur treatment given the children with the understanding that the matter of the expense of saving these lives should be taken up later.

LAW TO BE ENFORCED.
On the motion of Commissioner Turner, the council passed a resolution instructing Poundmaster Julius Zabal to rigidly enforce the dog muzzling ordinance. Turner declared that as at present enforced, the dog muzzling ordinance is a joke. Turner said:

"It is an unpopular ordinance, and nine out of every ten dogs on the street are not effectively muzzled. I think there must be something the matter with the ordinance."

"If the people don't muzzle their dogs," declared Mayor Mott, "this council will issue orders to have all unmuzzled dogs taken up by the police and killed."

BOY IS VICTIM.
BERKELEY, May 8.—Walter Heide, the little son of Mrs. E. Heide of 2627 California street, was bitten on the cheek yesterday afternoon by a dog which was examined later by Dr. W. A. Sawyer, director of the state Hygiene Laboratory, and found to have rabies. The same dog bit George Wallace of 1057 Fifty-sixth street, Oakland, and Willie Rosa of 764 Fifty-ninth street, besides snapping at an unknown man on California street before biting the Heide boy.

Following the report to the police by Mrs. Heide, Patrolman H. P. Lee discovered the dog lying in a gutter on Fifty-ninth street, Oakland. He turned the animal over to Dr. Sawyer whose examination immediately disclosed rabid tendencies in the brain, indicating rabies.

The dog was the property of A. R. Sprague of 1706 Walnut street. It was brought here six weeks ago from a ranch near Fresno. It was well until Sunday, when it ran away, returning in a pitiable condition Monday. Tuesday it bit Mrs. Ella Boulden, housekeeper for the Spragues, on the hand and broke away again. The same day it bit the two Oakland boys and Walter Heide. The four persons bitten are being given the Pasteur treatment.

Mrs. L. O'Connell of 534 Sixty-second street has reported to the police that her little boy was bitten by a dog in Claremont Court yesterday.

The animal is said to belong to J. A. Marshall of 2967 Avalon. Dr. J. J. Benton, Berkeley health officer, has directed the poundman to turn the animal over to Dr. Sawyer.

VETERANS ELECT OFFICERS FORSTERER COMMANDER

B. A. FORSTERER of Oakland, new department commander of the United Spanish War Veterans of California.

State Encampment of Spanish War Fighters Chooses Oaklander as Head

FRESNO, May 8.—The business sessions of the ninth annual convention of the United Spanish American Veterans of the Department of California were brought to a close with the annual election and installation of officers this afternoon, and the selection of Venice as the meeting place in 1913.

Venice was chosen by unanimous vote, the expected opposition on the part of Berkeley failing to materialize. Boost telegrams poured in from Venice this morning and the secretary had hardly finished reading them when the vote was taken. Officers were elected as follows:

Department commander, B. A. Forsterer.

Senior vice-commander, L. T. Stephenson, Fresno.

Junior vice-commander, Harry T. Huber, Oakland.

Department inspector, F. G. Booth, San Bernardino.

Judge Advocate, Milton A. Nathan, San Francisco.

Department chaplain, C. W. Holbrook, Venice.

Department surgeon, Dr. G. Parker Dillon, Sacramento.

Department marshal, C. E. Perry, Vallejo.

The "Dobe Itch," the paper published by the Jacob H. Smith Camp of Fresno, was selected as the official publication of the department, and in the future will contain all the general orders that may be issued by the various officials.

Angels, in honor of Mrs. John Frank Trent, wife of the imperial potentate, in which more than two hundred women assisted.

For the men visitors a dinner and smoker was given at a nearby rancho famous for its Spanish barbecues, and those of both sexes who did not participate in either reception or banquet found entertainment in the surf at Long Beach where the "Pike" was thrown open to all Shriners. At the beach auditorium an elaborate luncheon was served from noon until 4 p. m.

To night the second of the great electrical parades, pronounced by Shriners to be the finest of its kind they ever saw, will be given and the day's festivities will come to a close with a vaudeville performance at the Los Angeles Auditorium Theater and a grand ball in Long Beach exclusively for the nobles and their ladies. An announced feature of the vaudeville performance will be the "suffragette drill" given by the Moolah Temple Arab Patrol of St. Louis, for which they have twenty-five specially prepared costumes.

William J. Cunningham of Baltimore, former imperial deputy potentate, was elected imperial potentate, succeeding John Frank Trent of Fargo, N. D.

Wm. S. Brown of Pittsburg, and B. W. Rowell of Boston, were re-elected imperial treasurer and imperial recorder respectively.

FORESTERS PARADE IN SANTA BARBARA
SANTA BARBARA, May 8.—Braving a rain which fell this morning, the delegates to the Grand Council of Foresters of America and the Companions of Foresters, participated in a parade which marched the length of State street. A great crowd was in attendance and all traffic was stopped during the progress of the parade. This afternoon the visitors enjoyed a barbecue in Mission Canyon, and the day's festivities will end tonight with a ball at one of the local hotels.

WIRE TRUST IS GRILLED AT HEARING

Witness Testifies He Was Prompted as to Answers Expected of Him.

Tells of Destruction of Papers Needed in Steel Combine Probe.

NEW YORK, May 8.—Further testimony to support the contention of the government that the American Steel and Wire Company, one of the largest subsidiaries of the United States Steel Corporation, was an illegal combination, was taken today when the hearings in the suit to dissolve the corporation under the Sherman anti-trust act was resumed.

Harry A. Whitney testified concerning the disappearance of the papers in the wire pool cases, which were used as evidence before the federal grand jury and were returned to the steel corporation after the indictments were found. He said he had destroyed the papers on orders from Frank Baackes, vice president of the American Steel and Wire Company. He was told before he destroyed them to take them to the office of George A. Crakin, a Worcester official of the company, where they remained until the visit of Judge Dickinson asked the witness if, before the grand jury investigation into the destruction of the papers, Crakin or Baackes had consulted with him as to what he was to testify to.

CONSULT ON TESTIMONY.
"Just before I went into the grand jury room," the witness testified, "I went with Mr. Crakin to see Mr. Baackes, who said: 'Do you remember your instructions as to the destruction of the papers?'"

"I said," added Whitney, "You told me to destroy them." He said he never told me any such thing. I told him that I would have to tell what I believed to be the truth if called to the stand.

"Then Crakin told me that he was sure that it was he (Crakin) who gave me the instructions."

"Did he say anything respecting your testimony concerning this?" asked Judge Dickinson sharply.

"I don't just remember the words Crakin used. I said to him 'What can I do when I believe Mr. Baackes gave me the orders?'" was the evasive reply.

Here one of counsel for the corporation asked:

"He did not ask you to lie, did he?"

"No. He wanted me to avoid saying Baackes gave the instructions if I could. He said he already had testified that he (Crakin) had given the instructions."

The witness said Crakin was the officer directly over him.

ALLEGED COUNT IS RESCUED FROM BAY

SAN FRANCISCO, May 8.—After clinging for two hours to a supporting pile at Mission street wharf No. 3, Charles Trass, who says he is a Polish count, was rescued from the bay, more dead than alive, at an early this morning. How he came to be in the water and what he was doing with a pistol and twenty-nine cartridges, are the only matters which Trass was unable to tell after he had been revived at the Harbor Hospital.

At 2 o'clock this morning Frank Thompson of the first tug Governor Machin heard cries and fished Trass from the water. Whether he attempted suicide by jumping overboard or whether he fell into the bay while walking along the levee, he either would not say or cannot recollect. He told the attaches of the hospital that he had come here recently from Yokohama, that he was related to a noble family in Poland and was in receipt of an income of \$300 a month. Unless pneumonia sets in he will recover.

WATERS SPREAD.
NEW ORLEANS, May 8.—Flood waters spread over new territory today. The current from the levee break at Torras reached New Roads, and hundreds of persons in that territory now are endangered. The situation at New Orleans remained unchanged. Engineers say the levees guarding the city will hold.

SECRET OUT---IT'S REITER MANAGER OF NEW HOTEL

VICTOR REITER, WHO HAS BEEN CHOSEN AS THE MANAGER OF THE NEW HOTEL OAKLAND.

Maitre d'Hotel of Palace Comes to Oakland to Take Charge of Hostelry

The first manager of the magnificent new Hotel Oakland has been chosen. He is Victor Reiter and for several years past he has been the maitre d'hotel of the new Palace Hotel in San Francisco. As a member of the board of directors of the hotel association held late yesterday contracts were signed with Reiter and he will at once assume his new duties, which will first have to do with the selection of the equipment of the new hostelry.

Reiter has been chosen for this important new position of manager after weeks of consideration on the part of the hotel committee. He has an excellent reputation of many years' standing as an experienced hotel man and his selection followed only after many applicants for the position from all parts of the country had been considered. The hotel committee, of which Edson P. Adams has acted as chairman in the selection of a manager, felt that the best available talent must be secured to inaugurate the important new enterprises here and feel that in Reiter a man has been chosen with the necessary personality, experience and knowledge of conditions about the bay to launch the new hotel upon the successful career which is expected for it.

The new manager has been connected with hotel management throughout his entire business career, both in this country and abroad. He is a native of France, having been born in the Grand Duché de Luxembourg forty-six years ago. Following the receipt of his education at the Lycee of Versailles, he entered upon his career in hotel management in 1885 at the Hotel Peltor, Place de la Madeleine, Paris. This establishment was owned by a cousin, Bernard Reiter, who thoroughly grounded him in details of the hotel business as exemplified in the best French hostelerie.

With ambitions, however, eventually to come to this country, Reiter then went to London, where he learned the language while associated with the Hotel Bristol—at that time, the late eighties, the best hotel in the English capital. That experience was followed, in 1899 by a return to Paris for the exposition of that year, during which time Reiter became assistant manager of the Palais d'Alimentation on the exposition grounds, under the chief management of Schultz, a famous hotel man of Paris.

The next year Reiter came to this country and became one of the staff of the celebrated Delmonico's in New York, then at the height of its fame. The following year Reiter was engaged to come to San Francisco by the Palace Hotel Company, with which concern he has been continuously associated since. After the fire of 1906 the new manager opened the little temporary Palace, then took charge of the Fairmont and finally, two years and a half ago he opened the new Palace.

Reiter is married, his wife being a

THOUSANDS OF PERSONS ARE RESCUED

All Marooned Louisianans Are Expected to Be Saved by End of Week.

Government to Send a Fleet of Motor Boats to Aid of Victims.

WASHINGTON, May 8.—Practically the entire country between Vicksburg and Baird, Miss., is under water and the inhabitants estimate that this state of affairs is likely to prevail about six weeks longer, according to reports brought to Vicksburg today by the army relief steamer Tyanoka, which distributed rations along the Sunflower river. Officers in charge of the vessel report that there are approximately 70,000 head of cattle to be taken care of along this river.

RESCUE WORK SLOW.
NEW ROADS, La., May 8.—It is believed by those in charge of flood relief work that practically all the marooned inhabitants in Pointe Coupee parish will have been rescued by the end of this week. Texas and Pacific railroad officials say their road has transported about 7000 persons from points along their line in the upper part of the parish.

The Texas and Pacific station at New Roads is crowded with white refugees waiting to be taken to the relief camp at Baton Rouge. Among them are four women who were rescued near Morganza. They had stood in water several feet deep for nearly three days, when boatmen reached them.

The waters from the Torras cravasse continue to spread over West Baton Rouge and Iberville parishes. The situation in the country between the main line and the Port Allen branch of the Texas and Pacific railroad is gloomy. The main line of the road is washed out in numerous places and the inhabitants of the interior are cut off.

The government representatives have arranged to send a fleet of motor boats into that territory today. Lieutenant Weeks of the United States Relief Corps at Batchelor has given livestock speculators a hard blow. They have become so annoying in their effort to buy at low prices cattle brought in from the flooded country that the officer has ordered the soldiers to keep all speculators off the place.

Francisco Commercial Club. The manager will formally assume his new duties on June 1, but previous to that time he will devote two hours a day to the consideration of questions in his department. From June 1 on he will have furnished for his use offices on the mezzanine floor of the new building where he will consult with contractors, furnishers and others in details of the furnishing of the hotel and its plans for a formal opening, which will be held as speedily as possible.

CINCINNATI, May 8. — President Taft saw Philadelphia defeat Cincinnati. It was an uphill battle for the locals and the President applauded their every effort. Cincinnati played a rugged fielding game and this combined with opportune hitting by the visitors, allowed Philadelphia to carry off the victory. Emswiler and Peckert hit well, while Doolan's fielding featured. R. H. E. Philadelphia 11 1 Cincinnati 6 7 5 Batteries—Stanton, Schultze, Brennan and Graham Doolan, Sugars, Fromme, Benton and McLean. Umpires—Eisler and Hanning.

ST. LOUIS, May 8. — Rube Marquard was effective in all but one inning, the ninth, and St. Louis lost again. A base on balls, a single and a double gave the home team its score. St. Louis 2 6 1 New York 6 9 1 Batteries—Steele, Dell and Bliss; Marquard and Meyers. Umpires—Brennan and O'Neil.

CHICAGO, May 8. — Chicago defeated Boston, 9 to 4. The contest was a one-sided affair in which the locals outthrew the visitors.

S.S.S. MAKES A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy, has made S. S. S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S. S. S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S. S. S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S. S. S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S. S. S. builds up and strengthens the system by its fine vegetable tonic effects. If you are suffering with Contagious Blood Poison S. S. S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one. HORSE FANCIERS ARE AWAITING OPENING AT LOUISVILLE

LOUISVILLE, May 8.—Lovers of horse racing are arriving daily to be present at the running of the Kentucky Derby opening the spring meeting at Churchill Downs Saturday. Today Derby candidates began their long trials at the track. The only candidate on the track yesterday was Free Lance, the talk of all the trainers at the Downs since he did a sensational mile unopposed Sunday.

The unbeaten Hawthorne attracted attention at his first workout since arriving from Lexington.

AD WOLGAST SIGNS TO BOX FREDDIE DANIELS

ST. JOSEPH, Mo., May 8.—Ad Wolgast, champion lightweight, will box here May 17 in a six-round exhibition bout with Freddie Daniels, a local lightweight. The bout is a celebration of Wolgast's first fight of more than six rounds, which was fought here with "Duck" Fletcher.

OLD-TIME JOCKEY IS REINSTATED TO TURF

Allan Aubuchon, a crack rider who was suspended several years ago at the Emeryville track, has been reinstated by the Kentucky racing commission, and a license was issued to him. His last ride for Sam C. Hill-dreth.

ANGUS IS AGAIN CHOSEN PRESIDENT

Hayward Commerce Body Re-elects Man Who Has Aided Town.

HAYWARD, May 8. — William Angus, a leading business man of this place, has again been elected president of the Hayward Chamber of Commerce and will be toastmaster at the annual banquet to be held next Friday at the Villa Hotel to which W. E. Gibson, president of the Oakland Chamber of Commerce, and A. A. Denison, its secretary, will be invited besides being asked to speak. Other officers chosen to direct the affairs of the body are: T. B. Russell, first vice-president; S. C. Smith, second vice-president; J. E. Welsh, secretary; W. W. Haley Jr., treasurer. The board of directors is composed of I. B. Parsons, W. W. Beam, John A. Park, A. Lindenberg, S. H. McCulloch and H. R. Robinson. Following the election of officers, a meeting of the board was held at the Chamber of Commerce and a letter of commendation from the Oakland Chamber of Commerce asking the local body to "boost" the movement to make Hayward "the city beautiful" for the coming of the Panama-Pacific International Exposition.

About 100 invitations have been sent out for the dinner Friday night by the committee in charge composed of F. L. Lemos, Dr. F. W. Browning, A. W. Beam and W. W. Haley Jr. Mayor Charles Meyer will be among the honored guests.

WHEAT PIT IS RAISED BY BEARS

Government Report Not as Bad as the Pessimists Predicted.

CHICAGO, May 8.—The wheat trade today put a bearish construction on the government report. With fluctuations took place at the out-

let, but the entire range of prices fell sharply below last night's level. First sales varied from 1 1/2 to 1 3/4 cents at the same time in different parts of the pit. Much wheat was sold on long term orders, but commission houses

and buyers on the decline and brought out a relatively small amount of wheat. It was admitted generally that the government figures contained a relatively small amount of wheat. It was admitted generally that the government figures contained a relatively small amount of wheat.

The small amount of wheat also believed to have been more than discounted in advance. A drop of half to 3/4 cent a bushel was shown in the market. The wheat market was at 1 1/2 to 1 3/4 cents, a decrease of 1/4 to 1/2 cent, but failed to 1 1/4.

STOCK MARKET SHOWS WEAKNESS

NEW YORK, May 8.—The stock market showed an unsettled tone during the early session today. Reading rose and fell after a fluctuating movement.

The market closed steady. Some revival of activity was seen in the afternoon, but the general tone was weak.

MANY ATTRACTIONS FOR MOOSE CIRCUS

Dell Eagle's Hippodrome and Congress of Rough Riders to Be Feature.

In addition to Dell Eagle's congress of roughriders and hippodrome, the local lodge of Moose has arranged a number of other attractions for the Grove street ball grounds May 15 to 19. Arrangements have been completed for the construction of a dance hall at the south end of the field, which will accommodate more than 100 couples and first class music will be provided for the devotees of Terpsichore. There will also be a number of side-shows presided over by members of the Moose, and some startling features are planned by the committee in charge.

A number of Dell Eagle's cowboys and cowgirls are on the ground and the entire company will be here tomorrow. It was expected that the horses and steers would arrive last night but it was necessary to break the journey at Fresno in order to give the animals a rest. W. H. Kennedy, business manager of the company, who has been in Oakland for the last few days, received a telegram from his representative last night stating that the special train was en route and would surely be here tomorrow. The Dell Eagle's show has just closed a successful engagement in Los Angeles.

The committee appointed by the progress and prosperity committee of the Chamber of Commerce to co-operate with the Moose committee in getting the public to appear on the principal thoroughfares of the city while the parade is moving next Wednesday and of which moving pictures will be taken reports that the people are taking more than ordinary interest in the parade and that the streets will be well filled when the moving picture operator starts turning the crank of his machine. The films, which will be exhibited throughout the country, will show the city at its best.

MAYOR TO RESIGN.
BERLIN, May 8.—The Berlin morning papers announced that the Lord Mayor of Berlin, K. A. Martin Krachner, intends to resign and that Adolph Formuth, the former imperial secretary of the treasury, will succeed him.

CENTRAL CLUB FOR TAFT WITH 2200

Significant Showing for President Is Made for the New Organization.

A Taft Central-Oakland-Alameda County Republican Club has been formed with a membership of some 2200 names. The club proposes to hold its rally and mass meeting Friday evening next, the 10th instant, at Maple Hall, corner of Fourteenth and Webster streets. The speakers of the evening will be Joseph Scott of Los Angeles, and Edgar Pelkotte of San Francisco, who will show why the Republicans of the state ought to support the cause of President Taft. The presiding officer for that occasion has not yet been chosen. The vice-presidents selected for this occasion are as follows:

George T. Hawley
E. H. Pendleton
W. H. Chickering
R. C. Capwell
Frank W. Billger
Edson F. Adams
George H. Collins
Charles F. Rodolph

As showing the trend of feeling in Oakland it may be stated that out of 5000 notices that were sent out asking for political affiliation over 2000 have responded that they were in favor of President Taft, and have asked that their names be enrolled as members. The committee in charge addressed both Democrats and Republicans alike, and it is of the opinion that on this showing at least from between two-thirds and three-fourths of the voters appealed to are in favor of President Taft's re-election.

SALE OF TAGS TO AID TINY FOLKS

West Oakland Home Will Call on People of the City Saturday.

Down on Campbell street near Ninth is a big gray building known as the West Oakland Home. Within the shelter of this institution dwell nearly a hundred boys and girls, some tiny babies, others larger children who attend school, play tag and hide-and-seek and learn to be helpful happy folk just as do many lads and lassies in their own homes. There are wee babies—tiny foundlings—who were left at the doorstep with no one in all the great world to love them if it hadn't been for the big-hearted women of the Home. There are, too, a number of little tots of the kindergarten age. These are frequently to be found enjoying the sunshine in the immense sand box, where mountain-tops and tunnels are planned. The board of managers last year raised quite a sum of money for the improvement of the yard that surrounds the home and the children were taught the art of gardening, every one of the older boys having succeeded in raising a good supply of vegetables while the girls have flower plots that would be a credit to far more experienced gardeners.

One of the members of the Home recently went into the yard, where the children were busy at play and asked two tiny youngsters who stood off watching the others, if they would like to hear a story. They were delighted, found her a seat on the platform and closed close to hear all about the fairies, for love and stories are absolutely necessary for little folks. In a few minutes the audience about the story teller grew and soon plots and everything else was forgotten while the children crowded round to listen.

This is just one of the numerous unostentatious kindnesses that the members of the West Oakland Home are constantly planning for their little charges. Hours are spent in sewing and in doing ever so many labors of love for the children, but it takes money to keep the pot boiling. It costs a lot to feed hungry children and keep them clothed and shod, and so the directors have decided to call upon the public, next Saturday, when a Tag Day will be held for the benefit of the Home.

HARVEST OF CICES.
As the good the institution does is so well known and the cause so undeniably worthy, the support of the public in general is assured. The endorsement of the city's leading officials, business men and the charitable inclined in every walk of life has been received and the harvest of dime and penny contributions is being poured in. The city has all been divided into districts and has been apportioned systematically. Chinatown will not be forgotten, these assisting the Home's workers will be a number of Chinese girls who are students of our Oakland High school and their smiles and pretty faces will win many a donation for the West Oakland Home.

In the theaters tags will be sold by some of the most popular actors and actresses. In the hotels will be stationed many of the society's younger maids and matrons, while in every store and bank will be some fair women working with a will for sweet charity's sake.

Pennants will be in evidence on the automobiles and every button hole will be decorated with a yellow tag. A number of local lodges, clubs and societies have signified their intention to do all in their power to make the day a glorious success and much rivalry is being shown among the men's organizations as to which shall in the most original and substantial way show its loyalty to the cause.

Miss Grace Trevor is president of the West Oakland Home and for her untiring efforts much credit is due for the practical and capable manner in which the institution is managed. Mrs. F. B. Ladd will be general of the Tag Day forces and will have the assistance of a large number of efficient helpers, among whom will be Mrs. Fred Reed, Mrs. H. D. Rowe, Mrs. F. L. Hall, Mrs. Frank Pruss, Mrs. Walter Morgan, Mrs. E. A. DeLamar, Mrs. M. L. Bon, Mrs. C. W. Ferguson, Mrs. J. R. Tallman, Mrs. Ellen Dibble, Mrs. Samuel Eyn, Mrs. John Laughland, Mrs. Charles Alexander, Mrs. A. M. Beebe, Mrs. Charles Hoese, Mrs. Walter Reed, Mrs. James Miller and ever so many more.

ASTOR'S DIVORCED WIFE CUT OFF

Will of Titanic Victim Filed for Probate in New York.

NEW YORK, May 8.—The will of the late Colonel John Jacob Astor was filed in the Surrogate's Court for probate yesterday.

In the full will practically the only clause which did not appear in the abstract given out is one in which Astor mentioned his former wife, Ava Willing Astor. This clause reads: "All my estate by a certain antenuptial agreement dated February 11, 1891, between myself and Ava Lewis Willing and William Astor and Caroline W., his wife, I give to my son William Vincent Astor and to his issue."

In the petition accompanying the will is the statement that the real estate is "in excess of \$10,000" and his "personal estate in excess of \$10,000."

Official recognition of Vincent Astor as the head of the Astor family is contained in Mayor Gaynor's announcement of plans for reception of the German squadron which will visit New York this summer. The youthful millionaire's name appears in the list of those appointed to assist in the entertainment of the officers and men of the German ships which will arrive on June 8 and remain until the 15th of the month. Officers are to be official guests of the city while they are here.

NEW YORK, May 8.—Lawyers who based the head of the Astor family, called attention to a peculiar condition arising because of the youth of Vincent Astor, who will not be 21 years old until next November. Should he die before he reaches the twenty-first year, the bulk of his estate will revert to Colonel Astor's first wife, Mrs. Ava Willing Astor, for whom no provision was made in the will, and to Vincent Astor's other next of kin, who would be his sister, Muriel, and his stepbrother or sister-in-law.

Mrs. Madeline Force Astor would not share in the estate further than by the provision already made for her in the will. Under the law Vincent Astor, being a minor, cannot make a will disposing of his bulk of his estate, and can dispose by will of his personal property, which is the minor portion of the estate left him by his father.

The petition for probate filed with the will sets forth that Mrs. Astor is a minor, being only 20 years old. Therefore, in the usual course a guardian will be appointed for her by the Surrogate Court in the probate proceedings, as well as for Vincent Astor and Muriel Astor.

ENGINEER KILLED WHEN TRAIN JUMPS TRESTLE

TACOMA, May 8.—While operating a construction train on the new Northern Pacific line between Tacoma and Olympia, near Shellock, George Hoffman, aged 36, an engineer, was killed. Fireman Al Taylor of Tacoma, jumped by order of Hoffman and escaped with a broken collar bone.

Hoffman made no effort to escape but was trying to hold his train of flat loaded gravel cars with ineffective brakes. The train plunged off the unfinished trestle into a fill of forty feet. Hoffman's body is buried under a mass of debris.

COMPULSORY EDUCATION IN ALASKA IS SOUGHT

WASHINGTON, May 8.—The senate has passed a bill providing for the compulsory education of Alaskan children. The bill would require every child in Alaska between the ages of 8 and 16 years, whether of white or mixed blood, to attend one of the United States public schools, or some other school where English is taught. Exceptions are made in the cases of children forced to work to support their parents or guardians.
